- Telugu

Professional Summary

Highly motivated and detail-oriented QA Engineer with 2.6 years of experience in manual testing, specializing in AI and chatbot evaluations within the healthcare domain. Proficient in developing test plans, executing comprehensive test cases, and tracking defects. Strong knowledge of SDLC and Agile methodologies, ensuring timely delivery of high-quality AI solutions. Proven ability to collaborate across teams to improve user experiences, with a focus on improving chatbot accuracy and performance. Successfully contributed to reducing defect backlogs and enhancing AI models for better user satisfaction.

Professional Experience :

Quality Assurance Engineer

Avaamo.ai – Bangalore [March 2023 – Present]

- **Manual & Functional Testing:** Performed comprehensive manual testing of AI chatbots across **healthcare, finance, and client-facing domains**, enhancing user experience and ensuring **functional and conversational accuracy**.
- **Test Design & Execution:** Developed and executed detailed **test plans, cases, and scripts** aligned with project requirements, achieving a **20% reduction in defects**.
- **Testing Methodologies:** Performed multiple testing types including **White Box, Black Box, Functional, Integration, System, Regression, Smoke, and UAT**, ensuring **end-to-end quality coverage**.
- **Defect Management:** Created detailed **bug reports with clear reproduction steps**, enabling timely issue resolution and improving **team efficiency**.
- **AI & LLM Testing:** Led projects focused on testing **Large Language Models (LLMs)** for AI chatbot solutions, improving chatbot accuracy by **15%** while ensuring **healthcare compliance standards**.
- **Collaboration & Agile Practices:** Partnered with developers and cross-functional teams to **gather requirements, troubleshoot defects, and enhance chatbot interactions**, supporting **Agile, V&V, Waterfall, Prototype, and Spiral models**.
- **Performance Testing (JMeter):** Hands-on experience using **Apache JMeter** for load and performance testing, analyzing results, and identifying bottlenecks to improve system scalability.
- **Automation Exposure (Selenium):** Gained working knowledge of **Selenium WebDriver** (Java) for UI automation basics, including **locators, test scripts, and browser automation**.
- **Continuous Improvement:** Contributed to faster release cycles and improved **test coverage** by combining manual and automation approaches tailored to project needs.

Education

B.E in Civil Engineering from PDA college of Engineering Kalaburagi, Affiliated to VTU Belgaum (2018 – 2022) with **8.39 CGPA.**

Certifications

- ✓ **SOFTWARE TESTING COURSE**
- ✓ **AWS SOLUTION ARCHITECT** ASSOCIATE FROM KGTTI- KALABURAGI.
