KARTHIKEYAN K

QA ANALYST

Phone: +919791404175
Email: Karthikjoseph4041@gmail.com
LinkedIn: Karthikeyan K

PROFESSIONAL SUMMARY

Results-driven **Software Test Engineer** with **3+ years of expertise** in **Manual and Automation Testing**. Proficient in **Selenium (Java, TestNG, POM, Data Driven Framework), API Testing (Postman, Rest Assured), SQL, and Cucumber**. Experienced in ensuring end-to-end software quality across **web and mobile applications** with strong knowledge of **SDLC, STLC, Agile methodologies, and CI/CD tools (Git, Jenkins).** Skilled at enhancing test coverage, optimizing processes, and delivering reliable, high-quality releases

WORK EXPERIENCE

SOFTWARE QA ANALYST, CAVINTEK SOFTWARE PRIVATE LIMITED **Aug 2024 - Present**

- Designed and executed **test cases**, **scenarios**, and **automation scripts** for **web** and **mobile platforms** to ensure maximum coverage.
- Performed **smoke**, **regression**, **functional**, and **system testing** across **4 regions** for release stability.
- Automated workflows using **Selenium (Java, TestNG, POM, DDF)**, improving regression efficiency and reducing manual effort.
- Validated **REST APIs** with **Postman** & **Rest Assured** for functionality, reliability, and compliance.
- Conducted **cross-browser testing** and **mobile testing (Android & iOS)**.
- Collaborated with **developers**, **product owners**, and **business analysts** in **Agile Scrum** ceremonies for quality alignment.
- Reported and tracked **defects** in **Zoho Project** & **Cflow** with detailed documentation and **root cause analysis (RCA)**.
- Executed **SQL queries** for **backend validation** and **workflow data integrity**.
- Used **Git** and **Jenkins** for **CI/CD integration** and automation pipeline execution.
- Performed **performance testing** with **JMeter** to identify bottlenecks and improve scalability.
- Mentored **junior testers** in **test design**, **automation**, and **defect management**.
- Suggested **automation opportunities** and improved **test documentation standards**.

QUALITY ANALYST, INTEGRESS SOLUTION PVT LMT **Nov 2022-Mar 2024**

- Performed **manual and automation testing** for diverse web applications to ensure functionality, usability, and reliability.
- Designed, reviewed, and executed **comprehensive test cases** and scenarios for functional, regression, and integration testing.
- Developed **data-driven automation scripts** using Selenium and TestNG, enhancing coverage and reducing manual effort.
- Wrote and optimized **SQL queries** to validate backend data integrity and consistency.
- Conducted **API testing with Postman** to verify workflow automation, error handling, and performance.
- Performed **UI/UX testing** to validate design alignment, user flows, accessibility, and overall user experience.
- Tested **mobile responsiveness** across multiple devices and browsers to ensure consistent behavior.
- Prepared detailed **test summary reports** and contributed to **release readiness** decisions.

QUALITY ANALYST INTERN, INTEGRESS SOLUTION PVT LMT **Jun 2022 – Oct 2022**

- Gained hands-on experience in manual and automation testing for web applications.
- Designed and executed test cases and scenarios for functional, regression, and usability testing.
- Performed UI/UX validation to ensure user-friendly interfaces and seamless workflows.
- Assisted in API testing with Postman and validated data consistency through SQL queries.
- Collaborated with the QA team to prepare test reports and support defect tracking and resolution.

EDUCATION

B. TECH COMPUTER SCIENCE ENGINEERING **Sep 2018 - Jul 2022**
BHARATHIDASN UNIVERSITY, TRICHIRAPPALLI

SKILLS

- **Manual Testing:** Functional, Regression, Smoke, System, Usability, Compatibility
- **programming languages:** Java
- **Automation Tools:** Selenium WebDriver (TestNG, POM, DDF), Cucumber
- **API Testing:** Postman & Rest Assured (GET, POST, PUT, DELETE), Validation, Error Handling,
- **Performance Testing**: JMeter (Basic to Intermediate)
- **Database:** SQL Queries for Data Validation
- **Defect Tracking & Test Management:** Zoho Project, Zoho Sprint, Cflow
- **CI/CD & Version Control:** Git, Jenkins
- **Methodologies:** Agile Scrum, SDLC, STLC

PROJECTS

- **Cflow**: Cflow is a **cloud-based workflow automation platform** that helps businesses streamline and automate their processes without writing code.
- **Alliance Fastpitch (Webs Spun Right):** A baseball event platform that allows users to register for events and access related information..
- **Order My Care:** A healthcare application that enables online consultations, prescriptions, and doctor appointments.
