Career Summary

Detail-oriented and results-driven QA Test Engineer with **4.7+ years of experience** in the **financial services domain**. Specialized in **manual testing, API validation, and mobile/web application testing**, with hands-on experience in **Agile environments and Azure DevOps**. Demonstrated ability to enhance product quality, streamline release cycles, and minimize production defects through well-defined testing strategies. **Certified Software Tester.**

Core Competencies

- **Testing**: Manual, Functional, Regression, Smoke, Sanity, UAT, Compatibility, Mobile (iOS/Android), Web Testing
- **API & Backend:** API Testing, SQL (Basic Queries), Cosmos DB, Pimcore, CleverTap.
- **Test Management & Tools:** Azure DevOps, JIRA, TestGenie AI, LambdaTest, SharePoint
- **Processes & Methodologies:** SDLC, STLC, Agile (Scrum), Requirement Analysis, BRD Analysis, Defect Management
- **Automation (Beginner Level):** JavaScript, Cypress, TestNG.

Professional Experience

Test Engineer | Bajaj Finserv

Pune, India | **Dec 2025 – Present**

- Handling **end-to-end manual testing** for web & mobile apps, including functional, regression, smoke, sanity, and UAT testing.
- Perform **API testing** to validate business workflows, request/response payloads, and status codes, reducing post-release defects by **40%**.
- Conduct **backend data validation using Cosmos DB** and analytics verification via **CleverTap** to ensure data accuracy across releases.
- Managing the complete **defect lifecycle in Azure DevOps**, including logging, prioritization, retesting, and root cause analysis.
- Collaborating closely with developers and business stakeholders in an **Agile/Scrum environment** to ensure timely and high-quality releases.

Test Engineer | Innovosource Services (Bajaj Finserv)

Pune, India | **Sep 2023 – Nov 2025**

- Designed and executed **500+ manual test cases** for web and mobile banking applications, improving overall product quality.
- Performed **regression, smoke, and sanity testing** across releases, helping accelerate release cycles by **25%**
- Strengthened **requirement analysis and test documentation**, resulting in a 35% increase in test coverage.
- Reduced **defect leakage by 50%** through effective defect logging, detailed bug reports, and root cause analysis.

Quality Assurance Engineer | Team Lease Services Pvt Ltd (Bajaj Finserv)

Pune, India | **June 2021 – Aug 2023**

- Performed **manual testing** for web and mobile financial applications, achieving early detection of defects prior to production release.
- Created and executed 500+ functional test cases, increasing overall **test coverage by 30%**.
- Achieved high **test execution efficiency** across multiple release cycles through well-planned test execution.
- Utilized **Azure DevOps** for **defect tracking, prioritization, and retesting**, reducing defect resolution time by **40%**.
- Collaborated with developers to resolve **critical and high-severity defects** before release, improving application stability.

Education

Bachelor of Engineering (B.E.) – Information Technology
Mumbai University | Mumbai

Project

Bajaj Finance – Digital Lending & Customer Portal

(Web, Android & iOS)

- Performed **end-to-end manual testing** for **Loan Applications, EMI Card Management, Payment Gateway, Customer Portal, and Profile Management** modules.
- Designed and executed **500+ test cases**, increasing overall **test coverage by 30%**.
- Conducted **Smoke, Sanity, Regression, and UAT testing**, reducing post-release defects by **40%**.
- Validated **API integrations using Postman** and performed **backend/data verification using Pimcore**.

Ki Holo – KPI Integration Portal

- Tested key modules including **Dashboard, KPI Configuration, User Access Management, and Data Synchronization**.
- Improved application reliability by reducing **post-release issues by 35%** through thorough functional and regression testing.
- Supported **QA and admin activities**, including user account management, role-based access control, and system configurations.

Certifications & Achievements

- **Certified Software Tester** – Software Testing Certification, Pune
- **Superstar Award** – 2025
- **Star of the Month Award** – 2025
- **Superstar Award** – 2024
- **Kudos Award** – 2024
