TARUN JHA

tarunjha3799@gmail.com |+91-7042288204

Front-End Software Engineer with 3+ years of professional experience designing and developing scalable web applications. Skilled in building UI architectures from scratch, optimizing performance, and implementing maintainable, test-driven solutions using modern JavaScript frameworks.

Tech Stack: **React.js, Angular, Redux (RTK), TypeScript, JavaScript, Jest, RTL**

Work Experience

Guidewire | Software Engineer **07 / 24 – 03 / 25**

- worked with Typescript, ReactJs and Plasmic to develop intuitive and fluid UI.
- Developed UI services for policy holders to make the claiming process easier.
- Created micro-front-end services to reduce the time delay on the user components.

Velsera | Associate Software Engineer **04 / 22 – 10 / 23**

- As one of the first engineers who got to work on the company's new product,
  I helped in designing and developing the base framework for the front-end using **ReactJs** & **MaterialUI**
- Applied Redux for better state memory management and to reduce props drilling.
- Applied **Redux RTK** for caching for the projects APIs, inorder to reduce the number of API calls and server costs.
- Applied dynamic rendering using **rjsf**, rendering jsx according to the json received from server.

GlobalLogic(**Hitachi Digital Subsidiary**) | Associate Software Engineer **08 / 21 – 03 / 22**

- worked as an **Angular** developer.
- worked on key front-end components for internal employee management system.

Skills

JavaScript (ES6) | **Typescript** | **React** | **Redux**(RTK) | **HTML5** | **CSS3** | Node.js | ExpressJS | Git | Github | MySQL | MongoDB

Projects

Resume-Builder(UI based resume editor and pdf convertor) April'24

- A front-end web application for creating and editing resume and can also convert it to a PDF doc.
- Tech Stack: **ReactJs**, **Redux**, **TailwindCSS**, **Material UI**.
- souce code : https://github.com/dreamJarvis/resume-editor
- live: https://dreamjarvis.github.io/resume-editor/

Portfolio (My Porfolio Website) March'24

- This is my portfolio website, all my projects and employments details are here.
- Tech Stack: **ReactJs, SCSS/SASS**
- souce code : https://github.com/dreamJarvis/portfolio-react
- live link: https://dreamjarvis.github.io/portfolio-react/

Education

Bachelors of Engineering in CSE - Chandigarh University, India **2017 – 2021**

Academic and Extracurricular Achievements

- Solved over **500+ DSA questions** combined on LeetCode, GeeksforGeeks & Hackerrank.
- Created a voice recognition system for the disabled as a capstone project (https://github.com/dreamJarvis/speech-recognition-and- summarizer-using-natural-language-processing-NLP)
- Publlished a white paper on **Redefining Customer Acquisition Operations: A Predictive CLV Optimization Playbook for Dynamic Marketing Planning**(https://jisem-journal.com/index.php/journal/vol9_iss1)
