Mohammad Monis Khan

Cloud DevOps Engineer | AWS, GCP, AZURE | CI/CD | Terraform | Kubernetes | Linux | Docker

Email: monislko92@gmail.com | Phone: +91 8882425816 | Location: Delhi, India

Professional Summary

Cloud & DevOps Engineer with **4+ years of specialized experience in Cloud and DevOps engineering**. Proven expertise in designing, automating, and managing scalable cloud infrastructure across **AWS, Azure, and GCP**. Strong hands-on experience with **AWS services** (EC2, VPC, RDS, EKS, ECS, Lambda, IAM, Cloud Formation), **containerization and orchestration** using Docker and Kubernetes, and **Infrastructure as Code** with Terraform and Ansible. Skilled in building and optimizing **CI/CD pipelines** using Jenkins, GitLab, and AWS Code Pipeline. Experienced in **monitoring, logging, and troubleshooting** production systems using Cloud Watch, Prometheus, and Grafana, with solid **Linux scripting and automation** capabilities

Technical Skills

- Cloud Platforms: AWS, Azure, GCP
- Containers & Orchestration: Docker, Kubernetes (EKS, ECS, AKS)
- CI/CD Tools: Jenkins, GitLab CI, AWS CodePipeline, Azure DevOps
- IaC & Configuration: Terraform, Ansible, Cloud Formation
- Monitoring: Prometheus, Grafana, CloudWatch
- Version Control: AWS Code Commit, Azure Repos
- Scripting: Shell, Python,
- Operating Systems: Linux, Ubuntu, CentOS, Windows Server

Professional Experience

Montcrest Software Pvt Ltd — Pune, India
AWS DevOps Engineer | June 2022 – Present

- Designed and implemented automated CI/CD pipelines using Jenkins and AWS Code Pipeline, reducing deployment time by 40%.
- Architected scalable and secure AWS infrastructure (VPC, EC2, RDS, Lambda, Terraform).
- Managed containerized applications using Docker, Kubernetes (EKS), and ECS Fargate for scalable microservices.
- Developed and containerized a price optimization algorithm using Docker, enabling seamless deployment on AWS and reducing model update cycles by 30% for real-time pricing adjustments
- Automated infrastructure provisioning and configuration using Terraform.
- Implemented monitoring using CloudWatch and Prometheus-Grafana.
- Enforced AWS security best practices (IAM policies, encryption, security groups, and

network ACLs).
- Reduced monthly AWS costs by 30% through optimization and resource monitoring.

CMS Computers — New Delhi, India

Sr. DevOps SysOps Administrator | Nov 2021 – May 2022

- Maintained company website and applications (digitalindia.gov.in), providing web and System support.
- Built Jenkins CI/CD pipelines with SonarQube, Fortify, and Nexus integration.
- Implemented ECS and Fargate clusters for scalable microservices.
  Enforced AWS security best practices (IAM policies, encryption, security groups, and network ACLs).
- Designed secure VPC networks, VPN, and Transit Gateway configurations.
- Automated deployments and improved infrastructure efficiency with Terraform and Cloud Formation.

Safari Group Co. Ltd — Riyadh, Saudi Arabia

Cloud Support Engineer| Jun 2020 – Aug 2021

- Managed end-to-end IT operations including AWS/Azure environments, virtualization, And data security.
- Designed and implemented IT policies, disaster recovery, and backup systems.
- Managed Active Directory, Exchange, VMware, and Citrix infrastructure.
- Led IT staff training, recruitment, and performance reviews.
- Monitored and optimized AWS environments using Cloud Watch and ELK Stack,
- Identifying bottlenecks in data pipelines and achieving 25% cost savings through reserved Instances and right-sizing.
- Collaborated with cross-functional teams to migrate legacy systems to AWS, integrating Security best practices (IAM, VPC) and ensuring compliance with industry standards.
- Provided IT support for corporate accounts and backend infrastructure.
- Managed Windows servers, network devices, and troubleshooting operations.
- Ensured SLA compliance and process automation for technical support.
- Enhanced security, monitoring, and documentation processes.

Education

Bachelor of Arts (B.A) — Dr. Ram Manohar Lohia Avadh University, 2016

Certifications & Training

- MCSE, MCSA, RHCE, AWS SysOps, DevOps, Azure, GCP
- Diploma & Advanced Diploma in Computer Applications — Indian Institute of Network
- CCNA — CMS Institute
