Annappa Muragali

Bengaluru, IN|+91 8749039314 | annappamuragali@gmail.com |

Summary

Highly motivated and detail-driven Automation Testing Engineer with 3.8 years of experience in designing, developing and executing automated testing solutions using Java, Selenium, TestNG in Hybrid Testing Frameworks, with a strong understanding of software development life cycles (SDLC) and agile methodologies. Passionate about delivering high-quality testing solutions that ensure reliability, efficiency and scalability.

Education:

Bachelors of Engineering 8.3 CGPA
Government engineering college Haveri, Karnataka (2017-2021)

Pre university course (PUC) 79%
Government P U college Majalatti , Karnataka (2015-2017)

Secondary School Certificate (10th) 89%
Govt High School Hattarwat, Karnataka (2012-2015)

Experience:

Automation Test Engineer
Tata Consultancy Services (TCS) **Dec 2021- Present**

Project Name: HDFC life enhancement

- Designed and implemented automated testing frameworks using Selenium, TestNG.
- Developed and maintained automated tests for web, desktop applications, API.
- Collaborated with cross-functional teams to improve testing processes.
- Implemented data-driven and keyword-driven testing using TestNG to enhance test flexibility and provide reusable test components for multiple test cases.
- Enhanced and optimized existing automation frameworks, resulting in improved scalability, maintainability and reduced execution time of automated test suites.
- Developed custom reporting solutions for automated test results using TestNG ,providing detailed insights for stakeholders and facilitating better decision-making.
- Participated in test strategy development and defined automation best practices for new feature releases, enhancing test efficiency and reducing defect leakage.

Skills and Interests:

Technical Skills: Automation Framework, Java, Selenium, Testing, Rest Assured, API Testing, Manual Testing, Mobile Testing, BDD framework.

Soft Skills: Problem Solving, Communication skills (Verbal & Written), Client handling (B2B)

Languages:

English ,Hindi, Kannada
