PUSHPENDRA SINGH JADON

DevOps Engineer | Kubernetes | AWS | Azure | Terraform | CI/CD | Jenkins | CKA
Hyderabad, India | +91-9893139424 | psjadon2121@gmail.com |

Professional Summary

DevOps Engineer with **4 years of experience building and operating scalable cloud-native platforms across AWS, Azure, and Kubernetes environments**. Skilled in **Terraform, Jenkins, GitOps (ArgoCD), CI/CD automation, and distributed systems**. Experienced in managing **13 Kubernetes clusters supporting 700+ microservices** with high availability and automated deployments. Proven record of improving **deployment speed (60%) and platform reliability (99.9% uptime)** through automation and observability practices.

Core Competencies

Cloud Platforms: AWS (EC2, S3, IAM, EKS), Microsoft Azure (AKS, ACR, VM, Virtual Network), Multi-Cloud Infrastructure
Containerization & Orchestration: Kubernetes, Docker, Helm
CI/CD & GitOps: Jenkins, GitHub Actions, ArgoCD, Continuous Integration, Continuous Delivery, Deployment Automation
Infrastructure as Code: Terraform, ARM Templates, YAML, Infrastructure Automation
Streaming & Distributed Systems: Apache Kafka, Zookeeper, Event-Driven Architectures
Observability & Reliability: Datadog, Instana, Prometheus, Grafana, PagerDuty, ELK Stack, Monitoring & Alerting
Security & DevSecOps: IAM, RBAC, Security Best Practices, Compliance (HIPAA, GDPR, SOC 2)
Systems & Tools: Linux (Ubuntu, RHEL), Git, GitHub

Work Experience

DevOps Engineer | Lumenore (BI product of Netlink Software Pvt Ltd)
Bhopal, Madhya Pradesh, India | May 2022 – Present

- Owned and operated a **production-grade hybrid Kubernetes platform across AWS (EKS), Azure (AKS), and on-premise bare-metal environments**, managing **13 Kubernetes clusters supporting 700+ containerized microservices used by multiple engineering teams** powering **enterprise analytics and data platforms**, with **auto-scaling, RBAC policies, namespace isolation, and high availability**.
- Automated **multi-cloud infrastructure provisioning at scale using Terraform**, managing networking, compute resources, and Kubernetes clusters across AWS and Azure environments.
- Developed and optimized **CI pipelines using Jenkins**, automating build, testing, and artifact generation, reducing **deployment cycle time by 60%**.
- Implemented **GitOps-based Kubernetes deployments using ArgoCD and Helm**, enabling version-controlled releases and reducing **configuration drift and manual deployment effort by 50%**.
- Architected and managed **Kafka-based real-time event streaming pipelines** for high-volume enterprise data processing, reducing **data latency by 45%** and improving analytics platform responsiveness.
- Implemented **centralized monitoring, logging, and alerting using Datadog, Dynatrace, Prometheus, and ELK**, improving **incident response time by 35%**.
- Optimized **cloud infrastructure utilization through Kubernetes auto-scaling and resource tuning**, improving system performance while reducing infrastructure costs.

Key Project

Enagarpalika – Government of MP
Bhopal, Madhya Pradesh, India | Aug 2024 – Apr 2025

- Deployed **ERPNext 2.0 on a 6-node fault-tolerant Kubernetes cluster**, ensuring **99.9% uptime** for municipal services used across **multiple cities in Madhya Pradesh**, supporting **thousands of daily users**.
- Designed and implemented a **multi-node MariaDB architecture with replication and optimized indexing**, improving **query performance by 40%** and reducing **database latency by 30%**.

- Built **end-to-end CI/CD pipelines using Jenkins**, automating build, testing, and Kubernetes deployments, accelerating **release cycles by 60%**.
- Containerized ERPNext services using **Docker**, improving deployment consistency and reducing **configuration-related errors by 50%**.
- Implemented **RBAC-based access control and audit logging**, ensuring secure access control and compliance for government workloads

Certifications

- **Certified Kubernetes Administrator (CKA)**
- **Certified Kubernetes Application Developer (CKAD)**
- **AWS Certified Solutions Architect – Associate**

Education

- B.Tech in Computer Science & Engineering - Medicaps University, Indore (2018-22)
