AKILESH J SHET

Bengaluru, India | akilesh1242001@gmail.com | +919886141517

PROFILE

To utilize my expertise in DevOps practices, cloud platforms, and automation technologies to reduce operational costs, improve system performance, and ensure highly available and scalable infrastructure. Experienced in collaborating with cross-functional teams to design, automate, monitor, and support reliable production systems while continuously improving deployment, upgrade, and operational processes.

PROFESSIONAL EXPERIENCE

Cloud Support Specialist, Akamai Technologies India Pvt Ltd — **Aug 2023 — Present**

- Provide advanced technical support for **cloud infrastructure** including **compute, storage, backups**, and **managed Kubernetes services**.
- Troubleshoot production issues related to **deployments, automation failures, performance degradation**, and **service availability**.
- Assisted in **deploying and operating containerized applications** in **cloud environments**.
- **Analyze logs and metrics** to perform **root cause analysis (RCA)** and drive effective issue resolution.
- Implement **Infrastructure as Code (IaC)** and automation best practices to enhance customer support interactions.
- Support **automation and infrastructure best practices** to improve operational efficiency.
- Collaborate with internal engineering teams to escalate and resolve complex platform issues.

DevOps Engineer, Xyram Software Solutions — **Aug 2022 — Jul 2023**

- Designed, deployed, and supported cloud infrastructure for enterprise applications.
- Strong knowledge of core AWS services including **IAM, EC2, VPC, EKS, Cloud watch, Lambda, Fargate, Code Pipeline, Code Build** and **Systems Manager**.
- Familiar with CI/CD pipeline automation and container orchestration using tools like **Terraform, Docker, Jenkins** and **Azure DevOps**.
- Automated operational tasks using **Bash scripting** and **configuration management tools**.
- Worked with **containerization and orchestration tools** to support scalable application deployments.
- Experienced in implementing and configuring these services to maintain cloud-based application with high availability, scalability and security.

EDUCATION

Kristu Jayanti College — **Apr 2019 — Apr 2022**

Bachelors's in Computer Application

TECHNICAL SKILLS

Linux
Ansible
Kubernetes
Cloud Services: AWS, Azure, Linode
Git
Docker
Prometheus and Grafana
Jenkins
Terraform

CERTIFICATIONS

Security Awareness and Cleanwater Compliance with HIPAA, Infosec IQ
