SOUNDARIYALAKSHMI

soundariyalakshmi20@gmail.com • Linkedin • 9489310595 • Madurai, India

Dedicated QA professional with 3 years of experience in manual testing, delivering high-quality web, mobile, and reporting applications. Expertise in data migration projects using Qlik Sense and Snowflake, with strong skills in test planning, testcase, documentation, and issue tracking (SharePoint, FreshService, JIRA, Azure DevOps). Adept at collaborating with cross-functional teams, maintaining client communication, and driving efficient, reliable solutions.

PROFESSIONAL SKILLS

- Performance Testing
- Test Preparation & Management
- Security & Regression Testing
- Critical Thinking
- Azure DevOps & Github
- Adaptability & Teamwork
- Planning & Multitasking
- Client Interaction & Collaboration

PROFESSIONAL EXPERIENCE

Qantler Technologies Feb 2022 - Present

Quality Analyst

- Worked as a QA specialist in the reporting team, performing comprehensive validation of reports and ensuring data accuracy across reporting tools.
- Led data migration initiatives from local databases to cloud platforms, utilizing Qlik Sense and Snowflake to optimize reporting efficiency.
- Utilized Azure DevOps to manage test planning, track progress, and facilitate deployment pipelines.
- Identified and resolved data discrepancies during migration, collaborating with data engineers to ensure seamless transitions and accurate reporting outputs.
- Collaborated with the cross-functional team to perform manual testing, ensuring the functionality and accuracy of web, mobile, and reporting applications.
- Created, executed, and maintained detailed test cases, scripts, and documentation to validate application functionality and compliance with client requirements.
- Managed issue tracking and resolution processes using tools like SharePoint, FreshService tickets and JIRA, ensuring the timely delivery of quality solutions.

RELEVANT PROJECTS

Leading the Reporting Team on a Data Migration Project

I have lead a furniture-based data migration project, which involves transferring database data to the cloud using Snowflake, Manhattan, and Qlik Sense. My responsibilities include validating reports, resolving data discrepancies, and implementing user interface changes.

Azola Application

This project focuses on shipping goods and managing ships available at ports. I tested both web and mobile applications that handle transshipment ship data, including berth schedules, item requirements, and compliance with country-specific regulations.

Fujitec Web Application

This project focuses on task management for interns. I validated the document management functionalities across five modules, ensuring seamless task assignments and efficient project detail uploads.

Mandai Mobile Application
This project focuses on tree identification and support for the national forest. I conducted testing for a Power Apps Canvas-based application, documenting issues and managing module timelines and issue tracking in SharePoint.

EDUCATION

Bachelor Of Computer Application	2019 - 2022
Thiagarajar Arts & Science College, Madurai	8.9 CGPA
HSC	2018 - 2019
St. Mary's Matirc Higher Secondary School	Percentage: 70
SSLC	2016 - 2017
Govt Girls Higher Secondary School	Percentage: 84.56

TECHNICAL SKILLS

Testing Tools and Techniques: Manual Testing, Test Documentation, Test Planning, Test Case Creation, Test Script Development, Functional Testing, Regression Testing, API testing(POSTMAN), Automated testing tools (e.g., Selenium), and various testing methodologies (e.g., Agile, Waterfall)
Project Management Tools: Azure DevOps, Tickets and SharePoint for issue tracking and task management.
Cloud Platforms: Knowledge of cloud services like Azure, Manhattan and Snowflake for testing cloud-based solutions.
Data & Reporting Tools: Qlik Sense, SSRS, Power BI, Analytics..
Version Control Systems: Familiarity with tools like Git for managing test scripts and code.
