JAYA TEJA GOMPA

E-Mail: jayatej55@gmail.com

DOB: 01-JULY-1993 **Mobile**: **+91-8555920121**

WORK EXPERINCE: 7 years 4 months

SUMMARY:

- Over 7 years' experience in IT industry as a Java/J2EE Developer.
- Extensive Object Oriented Development OOP/OOAD experience.
- Experience encompasses software development and maintenance of custom application software.
- Extensive experience building applications in Service-Oriented Architecture (SOA) using Web Services (SOAP and REST).
- Over 3+ year experience working with Microservices.
- Extensive experience building Microservices using Spring Boot.
- Over 1 year experience working with BPMN tools ie: Camunda

OBJECTIVE:

To work with a progressive organization that gives me an opportunity to utilize my skills in achieving common goals of organization and my personal career.

TECHNICAL SKILLS:

- **LANGUAGES:** Core Java, Java 8, J2EE.
- **FRAMEWORKS:** Spring, Spring AOP, Spring MVC, Spring REST, Spring ORM, JDBC, Spring Boot, Spring Security, Spring Vaults, Spring Cloud, Caffeine Cache, Hibernate, MyBATIS, JPA, Lombok, JXLS, Camunda BPMN.
- **DATABASE:** SQL, RDBMS, Oracle, MySQL, SQL Server, PostgreSQL.
- **ARCHITECTURES:** RESTful Web Services, Microservices.
- **WEB DESIGNING:** HTML 5, CSS, JavaScript.
- **TOOLS:** Camunda BPM, Maven, JIRA, Swagger.
- **MIDDLEWARE:** Jenkins, SonarQube , PCF, AWS, Splunk, Flyway.
- **PLATFORMS:** Windows, Unix.

WORK EXPERIENCE:

- **EPAM Systems – (1 year 5 months)** :
  - **[Feb'21–present]:** Working as Senior Software Engineer for client – (**Mastercard**).
- **NTT DATA Global Delivery Services Ltd – (2 year 7 months)** :
  - **[Jul'20–Jan'21]:** Worked as Lead Java Developer.
  - **[Jul'18–Nov'19]:** Worked as Senior Java Developer for client - (**Hanover Insurance - US**).
- **Tata Consultancy Services(TCS) – (3 years 3 months) :**
  - **[Jun'17–Jul'18]:** Worked as Java Developer for client **- (ABN AMRO - Netherlands).**
  - **[Oct'16–May'17]:** Worked as Java Developer for client - (**Bank of Nova Scotia - Canada**).
  - **[Mar'15–Sep'16]:** Worked as an Associate Java Developer in **TCS Cloud platform (TCSiON)**.

PROJECTS:

- **PROJECT 8: <u>Customer Parameter Management (CPM)</u> (*<u>Feb 2021- Present</u>*): - *AGILE project***

Summary: CPM is an application where in we handle all information related to Credit/Debit cards etc. It handles around 2000+ parameters like BIN Range, Card type etc.

Responsibilities:

- Developing features as requested.
- Gathering and clarifying the requirements from PM and other stakeholders.

Technical Environment: Java 8, Spring Boot, AOP, Spring Data JPA, Spring Security, Spring Vaults, Caffeine cache, Camunda BPM, Lombok, JXLS, Postgres DB, PCF, Splunk, Maven, Jenkins, Postman, Bit Bucket, JIRA, Junit 5, Mockito.

- **PROJECT 7: <u>The Agency Place (TAP)</u> (*<u>Nov 2019-Jan 2021</u>*): - *AGILE project***

Summary: TAP is an application that shows all information related to agents and their clients.

Responsibilities:

- Developed Microservices using Spring Boot, Spring Cloud and deploying to AWS EC2.
- Gathering requirements from BA and clients.
- Guiding a team of 7.

Technical Environment: Java 8, Spring Boot, Spring Data JPA, Spring Cloud, Netflix Eureka, Zuul, REST, SQL, Hibernate, Maven, Jenkins, Postman, Bit Bucket, JIRA, Junit 5, Mockito.

- **PROJECT 6: <u>Hanover Claims Manager (HCM)</u> (*<u>July 2018-Oct 2019</u>*): - *AGILE project***

Summary: HCM is a customer facing application which shows data related the claims, payments etc.

Responsibilities:

- Consuming SOAP/REST web Services.
- Developed 2 RESTful Web services to be consumed by Front-end (Angular).
- Responsible for development & maintenance of HCM.
- Gathering requirements from BA and clients.

Technical Environment: Java/J2EE, Spring 5, SOAP, REST, SQL, Hibernate, JPA, Maven, Jenkins, SonarQube, Postman, SOAPUI, Bit Bucket, JIRA.

- **PROJECT 5: <u>ABN AMRO Bank</u> (*<u>June 2017-June 2018</u>*): - *AGILE project***

Summary: Development and Maintenance of RISK assessment application (RDF).

Responsibilities:

- Individual Contributor. Responsible for development/maintenance of RDF application to generate reports (for risk analysis) as requested through batch processes (JAVA).
- Gather requirements from BA and stakeholders and develop a feed to provide requested data.

Technical Environment: Java/J2EE, Multithreading, MyBATIS, Oracle 11g, SQL, PL/SQL, Cron Jobs, UNIX.

- **PROJECT 4: <u>Bank of Nova Scotia</u> (*<u>Oct 2016-May 2017</u>*):** - ***AGILE project***

Summary: Migrated ETeller application from old technology stack (ASP.Net + Java) to a new one (AngularJS + Java RESTful Services).

Responsibilities:

- Worked in a team of 15 and was responsible for identifying, getting logs for each scenario in an inquiry/transactional and replicating the same functionality in new technology stack.
- Development of inquiry and transactional screens in new tech stack.

Technical Environment: Java/J2EE, JAVA RESTful Services, SQL Server, Maven, Jenkins, JIRA.

- **PROJECT 3: <u>Utility Bill Verification System</u> (*<u>Jan 2016-Sept 2016</u>*):** - ***Waterfall model***

Summary: This module validates and verifies the energy bills to identify anomalies in utility bills.
It provides an analytical platform with a consolidated view and analysis of the bill data.
This analytical representation of data highlights the potential areas of improvement by highlighting energy consumption and expense patterns.

Responsibilities:

- Individual Contributor. Responsible for the complete development and maintenance of the Bill Verification Module.
- Developed a Scheduler to get all the bills digitized, after this scheduler last ran and pass them for verification.

Technical Environment: Java/J2EE, SQL, JBOSS 4.2.3, Cron Job, UNIX.

- **PROJECT 2: <u>Utility Bill Management System</u> (*<u>July-Dec 2015</u>*):** - ***Waterfall model***

Summary: The bill management module consolidates different utility bills on a single platform to obtain a comprehensive view of utility consumption and expenses and gain a comprehensive outlook on potential areas of improvement.

Responsibilities:

- Developed Parsers to read utility (electricity and gas) bills and collect required data.
- Actively participated in discussions during designing phase.
- Individual Contributor. Responsible for the complete development and maintenance of the Bill Management Module.
- Developed parsers for all possible formats of utility bills i.e. CSV/XLS/XLSX/PDF.
- Developed FTP/SFTP code for downloading bills from customer's FTP/SFTP clients to server.
- Developed servlet for File Upload functionality.

Technical Environment: Java/J2EE, JBOSS 4.2.3, Servlets, WinSCP.

- **PROJECT 1: <u>Complaints Management Database</u> (*<u>May-July 2013</u>*)** - Intern at **LinuxWorld Informatics Pvt. Ltd**.

Summary: Designed a Database in Oracle 10G for handling customer's complaints.

Responsibilities:

- Created Tablespaces, users, roles, profiles, sequences, views and granted respective privileges.
- Applied Integrity Constraints for every column of all tables.

Technical Environment: Oracle 10G.

ACADEMICS:

Degree	Year of Passing	University /Institute	Board/University	Discipline	CGPA/ Percentage
B. Tech	2014	National Institute of Technology(NIT),Rourkela	Deemed University	C.S.E	6.67
Class 12	2010	Sri Chaitanya Junior College, Visakhapatnam	State board(A.P)	M.P.C	91.3%
Class 10	2008	Rishi Vidyalaya Gurukulam, Visakhapatnam	CBSE	N/A	80.6%

ACHIEVEMENTS:

- Received **Star Performer Award (2019) in NTT DATA** on successful completion of HCM Project.
- Received **Best Developer Award** for the year (**2015-2016**) in TCSiON.
- Published research paper http://ethesis.nitrkl.ac.in/6203/1/110CS0197-19.pdf as part of my B.Tech final year project.
- Among **top 1.5% (AIR-17693)** students in **AIEEE** examination held in 2010.
- Among **top 1% (AIR-763)** in **AMRITA VISHWA VIDYAPEETHAM ENTRANCE EXAM** held in 2010.
- Secured **90 %** marks in **Supplementary All India General Knowledge Test** conducted all over India in 2007 by the All India Board of General Knowledge Test, a wing of USO.
- Secured **AIR-10007** and **AIR-2091** in **National Level Science Talent Search Examination (NLSTSE)** Held in **2004, 2007** respectively.
