Title	**:**	**https://www.oetpractice.net/.**
Client	:	oet practice, UK.
Role	:	Senior Consultant.
Team Size	:	3
Technologies	:	Python,Django,Javascript,Jquery,Ajax,SOAPWebservice HTML5,CSS3 and Bootstrap

Description:

Every candidate has this desire to score higher in the OET exam. For good score, preparation is essential. This will make you understand where you stand when it comes to OET skills or assessment. Let us say, you have got the OET material - fine sets of test papers for you to prepare for your OET. When you take sample OET test, you will understand the inherent difficulty of the test which you are not previously aware of. Let us say, you have taken all three sub-tests like writing, listening and reading and you have found reading sub-test to be simple but not listening and writing sub-tests. So, here, you will have the opportunity to focus more on the listening and writing skills. You can find ways to brush up on these skills and get to the level of success you want.

Responsibilities:

- Taken end-to-end responsibility.
- Lead/guided other resources and review their deliverables.
- Acted as off-shore coordinator.

Title	**:**	**https://www.ielts7band.net/**
