STRENGTHS

Persistent worker

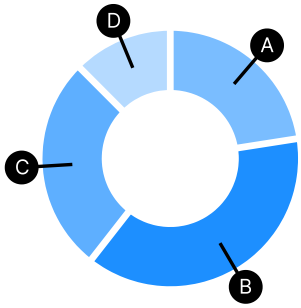
I am an ardent believer of the saying

"Nothing is impossible." If something does not work out, it should not be thrown away. Instead, it has to be treated as a special case and completed with extra effort.

Think out of the box

Whenever presented with unknown situations, always try to gain a different perspective of the situation. As a whole and come up with a unique solution by paving my own path.

WORKING STYLE



- **A** Collect and document, the task related information (if any) from the internet
- **B** Implement the solution in my individual style, using the collected information.
- **C** Debug, reiterate to improve the output.
- **D** Take a break to think more clearly about further steps.
