Hello! I'm

Malick Hussain

Graphic Designer & Animator

I am a creative and multitalented graphic designer with more experience in designing high-quality logos, brochures, website layouts, banner ads, and email templates. I have an excellent eye for detail, color, and composition and I am able to create designs that are visually appealing and communicative. I am also experienced in working with a variety of design software, including Photoshop, Illustrator, and After effects. In addition to my graphic design skills. I also have strong writing and communication skills, which allow me to effectively articulate my ideas to communicate with clients and my team members. I am a part-time photographer with more than 4 years experience.
