Profile

A dedicated QA professional with over 3 years of experience in manual and automation testing, skilled in enhancing software quality through strategic test planning, automation framework development, and in-depth defect analysis. Proven ability to streamline testing processes, optimize efficiency, and deliver reliable results in Agile environments. Seeking to bring my expertise to dynamic teams committed to delivering high-quality software products.

Skills

- **Testing Tools**: Selenium with Java, Cypress with JavaScript
- **Programming Languages**: Core Java, JavaScript, HTML
- **Automation**: UI Automation, API Testing
- **Database**: SQL Testing (AWS)
- **Manual Testing**: End-to-End, Regression, UAT Testing
- **Agile Practices**: JIRA, GitHub, Agile Methodology
- **Soft Skills**: Problem-Solving, Teamwork, Communication, Analytical Thinking

Professional Experience

Quality Engineer June 2024 - Present
MPS Limited, Bangalore

- Developed and implemented manual and automated test strategies ensuring 95% defect resolution using JIRA.
- Engineered a scalable Cypress framework for UI and API testing, cutting test execution time by 30%.
- Performed SQL database testing on AWS, writing complex queries for precise data validation.
- Led the automation of the AJE project, achieving a 100% increase in test coverage for critical functionalities.
- Collaborated with cross-functional teams to identify feature gaps, proactively resolving defects early in the SDLC.

Programmer Analyst September 2022 - May 2024
Cognizant, Chennai, TN

- Enhanced manual and automated testing efficiency by 25% through test optimization strategies for a transportation and logistics project.
- Built and maintained a Cypress framework, executing automated UI and API tests that reduced manual efforts by 40%.
- Conducted SQL testing on AWS, ensuring accurate data validation for backend systems.
- Delivered high-quality test results in an Agile setting, facilitating swift product releases with fewer defects.

Intern February 2022 - August 2022
Cognizant, Chennai, TN

- Developed test cases and performed manual testing, supporting the release of high-priority features.
- Participated in code reviews, ensuring quality standards were met and bugs were identified early.

Education

Bachelor of Engineering (Electrical and Electronics Engineering) 2018 - 2022
Sri Krishna College of Technology, Coimbatore, TN *CGPA: 7.56*

Higher Secondary Certificate (HSC) 2016 - 2018
K Kamarajar Matric Higher Secondary School, Sivakasi, TN *76%*

Secondary School Leaving Certificate (SSLC) 2015 - 2016
Sruthi Vidhyodhaya, Sivakasi, TN *73%*

Certifications

- **JAVA Course**: Completed with Grade A, NICT Computer Education (ISO 9001:2018 Certified)
- **Cypress Automation Testing**: Completed on Udemy
