## PROFESSIONAL SUMMARY

Highly skilled and results-driven Frontend Developer with over 3+ years of experience specializing in React JS. Known for building high-performance user interfaces and delivering seamless user experiences. Proficient in modern frontend technologies including **React JS, Next JS, JavaScript, HTML, CSS, Bootstrap, Tailwind CSS, Ant Design, and MUI components**. Strong understanding of backend technologies such as Python, Core Java, and SQL, enabling effective integration between frontend and backend systems. Experienced in manual testing, Git version control, and applying best practices to ensure code quality and functionality. A collaborative team player dedicated to continuous learning and delivering innovative, user-centered solutions.

**Key Skills:**

- **Frontend Development:** React JS, JavaScript, HTML, CSS, Bootstrap, Tailwind CSS, Ant Design, MUI components
- **Backend Development:** Python, Core Java
- **Databases:** SQL
- **Version Control:** Git, GitHub
- **Testing & Code Quality:** Manual Testing, ESLint, Prettier
- **API Integration:** Axios, RESTful APIs
- **State Management:** Redux, Context API, React Query
- **Routing:** React Router
- **Forms Handling:** React Form Validation, User Input Management

## PROFESSIONAL EXPERIENCE

**Role:** Frontend Developer

**Atra Phygital Pvt. Ltd., Mumbai** *Jan 2022 – Present*

- Contributed to the development and ongoing maintenance of the **Everest Fleet Tech Tool**, a customer-facing website, ensuring high-quality code, performance optimization, and scalability.
- Resolved numerous frontend bugs and issues, significantly enhancing website performance.
- Collaborated with cross-functional teams to design and implement new features based on customer feedback, improving the overall user experience.
- Improved the project architecture for better scalability and maintainability, ensuring long- term project success.

## PROJECTS

**TLQ Corporate Dashboard**

- Spearheaded the frontend development of the Corporate Dashboard using Next.js.
- Designed and implemented intuitive, responsive, and user-friendly interfaces.
- Collaborated with cross-functional teams to ensure seamless integration with backend services.
- Integrated third-party libraries and tools to enhance functionality and improve user experience.
- Delivered scalable and high-performance dashboards, streamlining business workflows and boosting administrative efficiency by 30%.

**Everest Fleet Tech Tool**

- Developed a seamless single sign-in website for easy access to the **Everest Fleet Tech Tool**.
- Created multiple dashboards for various teams (Operations, Accounts, Internal, and Hiring) to manage cars, drivers, garages, agents, and users.
- Developed tools for hiring drivers, including features for creating new drivers, user authentication, and data management.
- Enhanced team management and growth tracking through multiple dashboards, helping increase growth by 30%.s

**Nxt Trendz (E-Commerce Clone - Amazon, Flipkart)** View Project

- Developed an e-commerce application clone for Amazon and Flipkart, featuring user login, product listings with search, filters, and sorting options.
- Utilized React Router for handling pages and routes including login, product list, and product details.

**Food Munch** View Project

- Created a website for a food store showcasing product listings, detailed information, and current offers.
- Implemented product videos using Bootstrap's embed and modal components for enhanced user engagement.

**Wiki Search Website** View Project

- Developed a custom Wikipedia search application that allows users to search and view detailed articles.
- Styled the results using CSS and Bootstrap for a responsive design, implementing Flex properties and the CSS Box model for layout adjustments.

## EDUCATION

**Bachelor of Technology in Electronics and Communication Engineering**
Bhoj Reddy Engineering College, Hyderabad, Telangana *Jun 2016 - Apr 2019*
