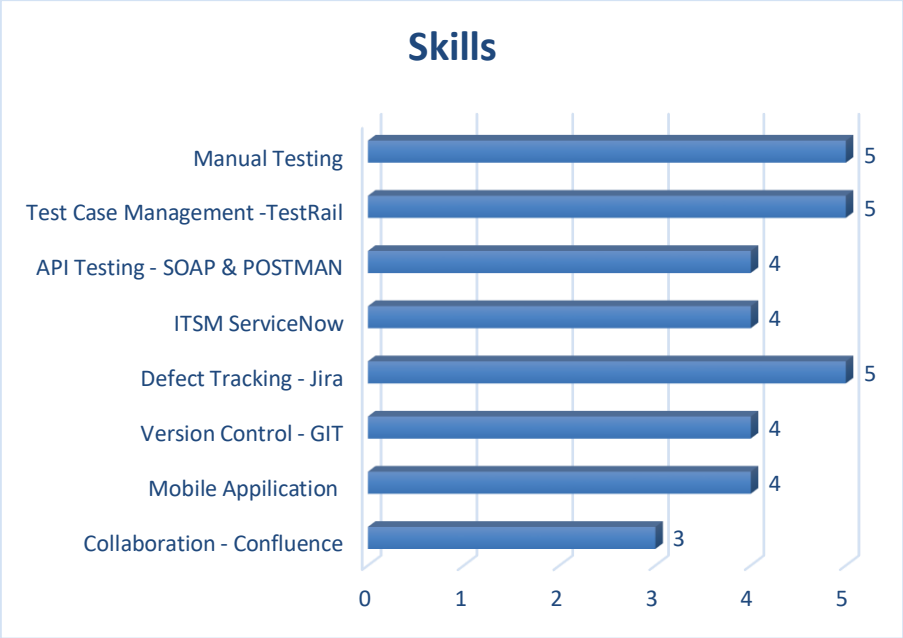
SKILLS

☐ Self Rating Out



WORK EXPERIENCE

Apr 2022 – Jan 2024 Bzpay Solutions India Private Limited, Tamil Nadu, India

Test Engineer

- Designed and documented API specifications, including endpoints, request/response structures, and supported operations.
- Generated comprehensive API documentation, including usage guides and sample requests.
- Maintained up-to-date documentation to assist developers and other stakeholders.
- Implemented robust error handling mechanisms within SOAP APIs to provide meaningful error messages.
- Configured logging for API transactions to facilitate debugging and troubleshooting.
- Developed and executed comprehensive test cases for SOAP APIs, covering positive and negative scenarios.
- Logged and triaged incidents in ServiceNow, ensuring accurate and detailed documentation of reported issues.
- Prioritized incidents based on urgency and impact, following established guidelines.
- Interacted with end-users to gather incident details, providing exceptional customer service.
- Offered initial support and guidance to users during incident creation to expedite issue resolution.
- Classified and categorized incidents appropriately, adhering to defined taxonomy and categorization criteria.
- Monitored and ensured compliance with Service Level Agreements (SLAs) for incident response and resolution.
- Escalated incidents as needed to meet SLA targets.
- Participated in root cause analysis for incidents to identify underlying issues.
- Collaborated with technical teams to determine the root cause and implement corrective actions.
- Generated incident reports and analytics to track trends and patterns.
- Utilized reporting tools within ServiceNow to identify areas for improvement in incident handling.

Mar 2019 - Dec 2021 Vectone India Private Limited, Tamil Nadu, India, Tamil Nadu, India

Product Tester

- Developed comprehensive test plans outlining the scope, approach, resources, and schedule.
- Created detailed test cases based on functional specifications and requirements.
- Executed manual test cases and documented results, identifying and reporting defects.
- Conducted regular regression testing to ensure that new features did not adversely impact existing functionality.
- Utilized defect tracking tools to log, monitor, and manage issues through to resolution.
- Provided clear and detailed defect reports with necessary documentation.
- Worked closely with cross-functional teams, including developers, business analysts, and product managers, to ensure comprehensive test coverage.
- Ensured adherence to quality assurance standards and best practices.
- Produced test summary reports and communicated findings to relevant stakeholders.
- Set up and configured test environments to mimic production conditions.
- Facilitated UAT sessions with end-users, ensuring that the system met business requirements and user expectations.
