SWARUPA PANDA

9556674204 | panda.swarupa03@gmail.com | Bengaluru, India

SUMMARY

Highly skilled and results-oriented developer with 4 years of experience in designing developing, and implementing software solutions. Proficient in programming languages such as HTML,CSS,JavaScript and React with a strong understanding of database management and web development technologies. Committed to delivering high-quality results and working collaboratively in a friendly and dynamic environment.

EXPERIENCE

WIPRO LIMITED, Bengaluru **Sep 2020 – Present**

Dun & Bradstreet Dec 2022 – Present

- Designed config-driven and dynamic web pages using ReactJS, React Hooks, JavaScript, HTML
- Built custom and reusable components for web pages consisting of Filters, Dropdown, Search box, Accordion, Modal, Checkbox, Fetching data, Button.
- Designed POC and developed dashboards as per business requirement.
- Exclusively used React-Hooks to perform side effects and to handle life-cycle process
- Used Redux toolkit for state management.

JetBlue Sep 2021 – Nov 2022

- Designed and implemented responsive front-end interfaces using HTML, CSS, and JavaScript user-friendly experiences.
- Developed and maintained web applications using Node.js leveraging JavaScript to build server-side logic.
- Integrated and managed databases using Oracle SQL and Mongo DB to store and retrieve data, utilizing SQL, NoSQL queries and ORM frameworks

Federal Express Sep 2020 – Aug 2021

- Developed and maintained a Java application by utilizing Java framework such as Spring Boot to build robust and efficient applications.
- Identified and resolved troubleshooting and debugging existing systems to deliver bug-free and reliable software products.
- Worked closely with other developers to ensure that designs complied with specifications and delivered high-quality software components.

SKILLS

Languages/Web Technologies: JavaScript (ES6), HTML 5, CSS 3, SASS, Ajax, JSON/XML

Libraries/Frameworks: ReactJS, Redux, Node.js, Express.js, jQuery, Mongoose, Bootstrap, Material UI, Jest

Databases: Oracle SQL, MySQL, MongoDB

Development Tools: VS Code, IntelliJ IDEA, Git, NPM, Agile, Webpack, Jenkins

Operating Systems: Windows, Linux (command line interface)

ACADEMIC PROJECTS

Weather forecasting website using real time API

Node JS,Express JS,HTML 5,CSS 3,Bootstrap,Mongo DB,mongoose,OpenWeatherMap API

- Designed a responsive UI with live weather updates, location-based forecasts, and user preferences
- Integrating the OpenWeatherMap API to fetch weather data such as current conditions, hourly forecasts, and daily forecasts based on location coordinates.
- Developed features to store the weather information in the database

E-Commerce Website

React Js,Redux,JQuery,HTML 5,CSS 3, Bootstrap,Node Js, Express Js,Mongo DB

- Leading the frontend development using React.js, creating reusable components, managing state with Redux, and optimizing performance for fast loading times.
- Designing and implementing RESTful APIs using Express.js and Node.js for backend functionalities such as user authentication, product management, cart operations, checkout process, and order management.
- Integrating MongoDB for data storage, handling complex queries, data modelling, and ensuring data integrity and scalability.
- Deploying the website in cloud platforms like Heroku

E-Learning Platform

React Js,Node Js,Express.js,Mongo DB,Mongoose

- Designing and developing the frontend interface using React.js, creating reusable components for course listings, user profiles, course progress tracking, and interactive learning modules.
- Implementing user authentication and authorization using JWT (JSON Web Tokens), allowing users to securely register, log in, and access personalized content based on their roles.
- Integrating MongoDB for data storage, Express.js for backend APIs, and Node.js for server-side logic, including RESTful endpoints for CRUD operations on courses, users, enrolments and other entities.

EDUCATION

Institute of Technical Education and Research, SOA University, Bhubaneswar

Bachelor of Technology
Duration: 2016-2020
Branch: Computer Science Engineering
Grade: 8.63
