SUMMARY

Full Stack Developer with 2+ Years of experience building scalable web applications using React.js, Node.js, Express.js, and PostgreSQL. Skilled in creating responsive UIs with Tailwind CSS, Bootstrap. Experienced in REST API development, authentication, role-based access control, and performance optimization. Strong team player with agile development experience.

TECHNICAL SKILLS

Frontend: JavaScript (ES6+), React.js, Next.js, Redux Toolkit, HTML5, CSS3, Tailwind CSS, Bootstrap
Backend: Node.js, Express.js, RESTful APIs, JWT, OAuth 2.0
Database: PostgreSQL, MongoDB, Supabase
Testing Tools & Other: React Testing Library, Git, Webpack, Babel

WORK EXPERIENCE

Monospear Technology - Bangalore, India
Software Development Engineer *Jan 2024 - Oct 2025*

- Developed and maintained 20+ responsive user interfaces using React.js, Bootstrap, and SCSS, ensuring cross-browser compatibility and improving user engagement by 25% within the first quarter.
- Engineered RESTful APIs using Node.js and PostgreSQL, reducing data retrieval latency by 40% and increasing application responsiveness, leading to a 15% rise in user engagement metrics.
- Revamped website architecture through code refactoring and image compression techniques, decreasing average page load time from 3 seconds to 2.1 seconds, directly enhancing user experience.
- Championed Agile methodologies across three development teams, ensuring consistent communication and efficient sprint execution, which resulted in a 40% increase in the teams' velocity and predictability.

PROJECTS

Monospear Technology - Bangalore, India
Technologies: React.js, Redux Toolkit, JavaScript, HTML5, CSS, PostgreSQL, Node.js, Bootstrap. *Jan 2024 - Jun 2024*

- **CRM System | Full Stack Developer:** Built a CRM system tailored for 100+ Indian businesses, enabling efficient client and operations management.
- **Reusable Component:** Implemented a design system with 15 core, reusable UI components, leading to a 30% faster development cycle and a unified user experience across the platform.
- **REST APIs:** Spearheaded the implementation of REST APIs which fixed the three biggest causes of CRM crashes, resulting in a 99.9% system uptime and zero critical data loss incidents.
- **Performance:** Optimized performance with caching and **lazy loading**, reducing average page load time by 25%.

HSRM – Payroll Management System (Vietnam)
Technologies: React.js, Redux Toolkit, Node.js, JavaScript, HTML5, CSS, PostgreSQL, Bootstrap. *Jul 2024 - Feb 2025*

- **Payroll Processing:** Developed and deployed multi-threaded payroll processing system using SQL Server, enhancing data accuracy, minimizing manual intervention and improving processing speed by 40%.
- **Authentication:** Engineered robust authentication and authorization modules utilizing JWT and OAuth 2.0 protocols, fortifying system security and reducing unauthorized access attempts by 60% within the first quarter.

Calling Agent- AI Communication Assistant
Technologies: React.js, Redux Toolkit, Node.js, JavaScript, HTML5, PostgreSQL, Bootstrap. *Mar 2025 - Oct 2025*

- Integrated Twilio for SMS/Voice and Elevenlabs for **AI Voice** responses, creating natural, live interactions.
- Built a real-time communication platform for handling customer voice.
- Implemented AI-assisted voice response using Elevenlabs to automate routine customer interaction, reducing manual support effort.

PERSONAL PROJECTS

Framework - *Next.js, Redux Toolkit, Supabase, Tailwind CSS, ShadCN.* *Jan 2026-Present*

- Conceptualized and deployed a QR code attendance system integrated with membership database, leading to a 90% reduction in manual attendance tracking errors and saving 15+ staff hours weekly.
- Integrated a secure payment gateway for online fee collection, streamlining financial management.
- Drove the adoption of digital fitness tracking technology, integrating wearable devices with member profiles to enable personalized feedback and leading to a 25% increase in member engagement.

EDUCATION

Bachelor of Engineering, Bharath Institute of Science and Technology. Chennai **May 2021**
