DATA SCIENTIST/ DATA ANALYST

Analytically driven Data Scientist and Data Analyst with a robust background in statistical analysis, machine learning, and data visualization. Skilled in transforming complex datasets into actionable insights, with a proven track record of optimizing decision-making and business outcomes through data-driven strategies.

PROFESSIONAL EXPERIENCE

JP Morgan Chase Ltd | Operation Analyst | July 2022 – Present, Experience- 3 years, Corporate & Investment Banking

Responsibilities:

- Supporting Identity and Access Management globally .
- Provided expertise in treasury and securities products.
- Administering and optimizing the Account Maintenance System to ensure seamless account management and operational efficiency.
- Facilitating and executing streamlined account onboarding for a diverse client base, ensuring a seamless and compliant initiation process.
- Enriching client portfolios through the strategic addition and integration of new accounts, tailored to meet client goals and objectives.

Highlights:

- Contributed to Euro Bank Migration Project, delivering comprehensive portfolio reporting and treasury products integration for 32 clients.
- Received the **Quintessential Award of Excellence** and **Dream Team Award of Excellence** in December 2024, recognizing exceptional teamwork, collaboration, and impactful contributions to team success and innovation.

PROJECT PROFILE

Department of Data Science and Artificial Intelligence, Indian Institute of Technology, Madras.

- **Skin Lesion Segmentation**
  - ✓ Conducted comparative analysis of deep learning models on the HAM10000 dataset for segmenting skin lesions in dermatoscopic images.
  - ✓ Preprocessed HAM10000 dataset by resizing images to 256x256 pixels, normalizing pixel values, and applying data augmentation techniques to enhance model generalization and prevent overfitting on a limited dataset.
  - ✓ Implemented U-Net and DeepLabV3+ models to enhance segmentation accuracy.
  - ✓ Trained models using a combined Binary Cross-Entropy and Dice Loss function to address class imbalance and improve segmentation accuracy on small lesions.

    Time period: August-November 2024

Department of Statistics and Analytics, Mount Carmel College, Karnataka.

- **Consumers Attitude towards Online Shopping in 5 different cities of India.**
  - ✓ Collected primary data through offline and online surveys, employing a random sampling technique within a survey research approach.
  - ✓ Conducted data visualization on consumer factors (e.g., gender, age, influencing factors, sites used, feedback, issues faced, purchases, and occupation) using R Studio, Python, and MS Excel.
  - ✓ Tested hypotheses on factors such as income, expenditure, occupation, age, shopping frequency, and gender using R Studio and MS Excel
  - ✓ Conducted a comprehensive research on the future use and limitations of the case study.

    Time period: March-June 2022
- **Flight departure delays in SFO International Airport.**
  - ✓ Collected secondary data from the Federal Aviation Administration and Bureau of Transportation Statistics.
  - ✓ Analyzed trends and patterns of flight delays at SFO International Airport using statistical methods of Time Series.

    Time period: March-June 2022

TECHNICAL SKILLS

Python Programming	**Library- NumPy, Pandas, Matplotlib, Scikit-learn**
Platform- Jupyter Notebook, Google collab	**R Programming**
Platform- RStudio, Library- ggplot2	**Microsoft Power BI and Tableau**
SQL	**Microsoft Excel & Xceptor**

EDUCATION

- M.Sc in Machine Learning & Artificial Intellegence From International Institute of Information Technology Bangalore and Liverpool John Moores University from July 2025- Present.
- Post Graduate Level Advanced Program in Applied Data Science and Machine Learning from Indian Institute of Technology, Madras in year 2024.
- Post Graduate Diploma in Applied Statistics from Indian Statistical Institute, Kolkata in year 2023.
- B.Sc. in Economics, Mathematics and Statistics from Mount Carmel College, Karnataka in year 2022.

PERSONAL DETAILS

- **Date of Birth:** 5th October 2001
- **Languages Known:** Deutsche, English, Hindi and Odia.
- **Location:** Bangalore, Karnataka

SOFT SKILLS

- Teamwork
- Communication
- Problem Solving
- Analytical skills
