Ravish Kumar Garg

React Native Developer

India | +91-7404901630 | ravishgarg8@gmail.com | linkedin.com/in/ravish-kumar-garg-6a70a7217/

Summary

Highly skilled and dedicated software developer with strong proficiency in **React Native**, having more than **3.7+ years of experience** in the technology. Having solid understanding of building efficient and scalable mobile applications using React Native. Having passion about staying up-to-date with the latest trends and best practices in React Native development. Having strong problem-solving skills and an ability to quickly learn new technologies. Eager to join a team of talented developers and help build world-class mobile apps.

Experience

Algoworks Technologies Pvt. Ltd. — **June 2022 - Present**
Software Developer — Noida

- **End-to-End Development:** Built 6+ mobile applications from scratch using React Native, covering requirements gathering, UI implementation, API integration, testing, and deployment to App Store & Play Store.
- **Support & Maintenance:** Contributed as a support developer on 5–6 ongoing projects, fixing bugs, upgrading dependencies, and optimizing performance for better stability.
- **Reusable Components:** Designed scalable and reusable UI components, reducing feature delivery time by ~20%.
- **API & Third-Party Integrations:** Integrated REST APIs, Firebase, Push Notifications, Payments, and Analytics SDKs to enhance app functionality.
- **Collaboration:** Worked closely with designers, backend engineers, and QA teams in an Agile environment to ensure timely delivery.
- **Performance Optimization:** Improved app load times and responsiveness through code optimization and state management (Redux).
- **Team Practices & Communication:** Participated in code reviews, sprint planning, and daily stand-ups, contributing to best practices and team efficiency.

Projects

Instagram-like App

Developed a social media app with features including posts, stories, reels, live streaming, chat, push notifications, and in-app purchases. Implemented image and video uploads, real-time updates, and interactive user experiences using React Native, Firebase, and REST APIs. Optimized UI components and state management for smooth performance across devices.

Poll Survey Application

Developed an interactive polling app allowing users to create and join personalized surveys to gather opinions and feedback. Implemented in-app purchases and offer codes for influencer distribution, enabling wider user engagement. Integrated user verification with Plaid, real-time poll updates, and results visualization. Deployed the app successfully on both App Store and Play Store using React Native, Firebase, and REST APIs.

Brain Training / Meditation Application

Developed a wellness app featuring guided meditation, mind-relaxing audio, and video sessions provided by the client. Implemented personalized playlists, progress tracking, and user engagement features. Integrated push notifications, analytics, and in-app purchases for premium content. Ensured smooth performance and responsive UI across devices using React Native, Redux, and Firebase.

Addiction Tracking Application

Developed an app to help users track habits and receive professional counselor support to overcome addictions. Implemented habit tracking, progress analytics, and personalized notifications to encourage user engagement. Integrated chat and support features for direct counselor communication. Ensured data security, smooth performance, and a responsive UI using React Native, Firebase, and Redux.

Dating Application

Developed a Tinder-like dating app featuring profile creation, swiping, chat, and matching algorithms. Implemented real-time messaging, push notifications, and in-app purchases for premium features. Optimized UI/UX for smooth interactions and responsive performance across devices using React Native, Firebase, and Redux.

Education

Guru Jambheshwar University of Science & Technology — **June 2018 - June 2022**
Computer Science and Engineering (CSE) — Bachelor of Technology (B.Tech)

Government Model Senior Secondary School, Sector 16, Chandigarh — **2018**
Science (Non-Medical) — 12th (Senior Secondary)

St. Vivekanand Millennium School — **2016**
General Education — 10th (Secondary School)

Skills

React Native

Experienced in building cross-platform mobile applications using React Native and integrating with APIs.

React Native, Typescript, Javascript, React, Rest APIs, Firebase, Mobile Development, Flutter

TypeScript

Experience with TypeScript for writing type-safe, maintainable, and scalable code in React Native projects.

JavaScript

Strong knowledge of modern JavaScript (ES6+) for building scalable, interactive web and mobile applications.

Languages

English **Hindi** **Punjabi**
