Skilled in frontend and backend development with exposure to React.js, JavaScript, SQL, and full-stack technologies. Experienced through multiple internships and projects across software development, data science, and analytics. Strong problem-solving abilities with an eagerness to learn and apply modern technologies in real-world projects.

SKILLS

Programming Languages: JavaScript, TypeScript, Python
Frameworks & Libraries: React.js, Next.js, Vite, Flask, Redux, Node.js, Express.js, Tailwind Css
Databases: PostgreSQL, MongoDB
Cloud Technologies: AWS,
Tools & Platforms: Postman,GitHub

EXPERIENCE

Sujanix Private Limited | Bengaluru, India | Nov 2023 – Present

- Developed and deployed the official company website (Sujanix.com) using Vite.js, ensuring responsive UI/UX and optimized performance.
- Contributed to frontend development of multiple products, including Xeady.com, Crux.com, Payfinix.in, and Baka Liftec, implementing modern design patterns and reusable components.
- Enhanced backend functionality by integrating Microsoft Authentication into TeamXcel (Flask + PostgreSQL), enabling secure login and seamless access management.
- Independently hosted and managed domains across platforms such as GoDaddy and others, gaining strong expertise in web hosting, deployment pipelines, and domain management.
- Collaborated with cross-functional teams to deliver scalable solutions, improving product usability, reliability, and system security.

Next Web Guru Services | Remote | July 2023 – Aug 2023

- Built and optimized Next.js modules for live projects, improving performance and maintainability.
- Implemented reusable React components and integrated APIs, enhancing scalability and development speed.
- Gained hands-on experience in modern frontend frameworks (Next.js, React.js) and collaborative agile development.

Tapp Tagg Technologies | Pune, India | March 2023 – Aug 2023

- Designed and developed an HR letter automation tool for document generation, reducing manual effort by 60%.
- Contributed to full-stack development using JavaScript, React, Flask, and PostgreSQL.
- Worked closely with stakeholders to gather requirements and ensure timely delivery of features.
