Professional Experience

Agilex Cyber Management Solutions Pvt. Ltd — Nagercoil, Tamil Nadu

Front-end focused Technical Consultant — *June 2023 – present*

- **Fleet Management**: Contributed to the FleetYes SaaS platform (an Amazon Freight Partner system) built on the Fleetbase open-source platform using Ember.js, implementing features and resolving production issues.
- **Logistics & Tracking(React.js):** Developed the Order Management module for a logistics shipment tracking system at Unsworth, using Kendo UI Grid for data management and Mapbox for shipment visibility.
- **SaaS Development (Next.js):** Delivered targeted feature enhancements and performance optimizations for multiple Next.js SaaS platforms, including Friyay (a goal-tracking productivity tool) and specialized entrepreneurial and student assessment tools.
- **High-Fidelity UI (Enabling Procurement):** Built pixel-perfect frontend from Figma designs for Enabling Procurement using custom HTML templates and hand-crafted CSS, ensuring 100% design fidelity across all screen sizes.
- **Admin Systems (React.js):** Developed and maintained frontend admin modules for managing customers, staff, invoices, and bookings ; implemented a component-based architecture and state management to ensure reliable data handling.
- Developed multiple WordPress websites, including Pawpal, ProcureOptima, Tailpro, and the company's primary site.

  Pawpal, Seatcurity, Agilecyber, Tailpro, Procureoptima
