Technical Skills

- Testing Tool : Selenium, playwright, Postman,IBM Sterling, AWS, Jira, AEM, VS Code
- Languages : TypeScript C# SQL
- Database : SQL
- Key Skills : Functional Testing, Regression, Device-Cloud, App-Cloud,
- Domain : E-Commerce, Health Care & Networking (Cloud), Telecom
- Platform : Android/iOS Testing, Web Based App Testing, API Testing
- Web Server : AWS Cloud Server
- O/S : Windows, MAC, Linux

Summary

- hands on experience on different levels of Testing **Order Management System(OMS) Using IBM Sterling, (Integration Testing, System Testing, Regression Testing, Acceptance Testing, Ad hoc testing)**.
- Tested core **CMS** functionalities including **content creation, editing, publishing, unpublishing, and deletion**
- Performed **integration testing with payment gateways, IBM Sterling order management systems (OMS), and inventory systems**

- Validated **AEM components** such as text, image, carousel, header/footer, and forms for proper rendering.
- Experience in **cross-browser testing** by using **AWS** for executions.
- Designed and executed **API test cases, Validated JSON schemas.** Tested **authorization mechanisms** such as OAuth, JWT, and API keys.
- Conducted end-to-end checkout flows validation covering order capture across frontend apps to backend payment, inventory order management systems(OMS)
- **Troubleshoot Manual failures** and **identify root causes**.
- Participate in **Agile/Scrum ceremonies**, including **sprint planning, daily stand-ups, and retrospectives.**
- Expertise in creating detailed test cases form acceptance criteria.
- Expertise in executing Test cases, identifying issues and reporting them to development team.
- Excellent communication with the customers and vendors.
- Knowledge in **playwright Web Driver automation, and Typescript.**
- Knowledge of **AGILE methodology**.
- Knowledge in **SQL**.
- AI tools on **Copilot**.

Employment Scan

- **Project 1**

Project Title : Healthcare Domain Product
Client : Wolterskluwer

Details: Wolterskluwer provides trusted clinical technology and evidence-based solutions that engage clinicians, patients, researchers, students, and the next generation of healthcare providers. Wolterskluwer solutions are focused in the areas of Nursing Education, Full-curriculum solutions for nursing education.

- **Roles and Responsibilities**

- Validate new features across Insight Cloud Portal and Mobile App
- Identify test scenarios for device onboarding, firmware upgrades, network monitoring, alerts, and Insight Cloud Portal functionalities
- Perform regression testing for every build release, firmware update, or UI enhancement.
- API **Testing (Postman)**
- Participated in **Agile ceremonies** (daily standups, sprint planning, retros) and collaborated closely with developers to identify test gaps early.
- Performed test execution using **qTest Explorer,** leveraging **AI** capabilities
- Test device onboarding via **QR code,** Supported **migration activities,** configuration updates, troubleshooting, and **post-migration testing**.
- Logged and tracked defects in **JIRA**, reproducing bugs with logs, screenshots, and detailed steps for faster resolution.
- Performed **accessibility testing** for **web and mobile applications,** Worked on **UAT UI Path** Testing
- **Worked on network disconnects and reconnects** to validate mobile app behavior under poor or no connectivity.
- Worked on multiple browsers like - **Chrome, Mozilla, Safari and edge**
- **Environment: CQA, QE01, PRE PROD, PRODUCTION, SIT, PROD, DB (PostgreSQL, IBM DB2), Toad, AWS, POSTMAN, JIRA**
- Performance and usability validation
- Cloud-to-device communication
- Re-test fixed bugs and track them to closure.
- Update release notes with QA validation results.

- **Project 2**

Project Title : Telecom department
Client : Verizon

Detail: Verizon is a collaboration between Verizon Communication Inc. and Tracfone Wireless Inc. targeting the prepaid subscribers in its mobile network and making it as the largest wireless carrier in the United States, with

114.2 million subscribers approximately.

- **Roles and Responsibilities**
