VIGNESH P

Senior Associate - Quality Analyst | Manual Testing | Automation Testing | API Testing | SQL |ETL Testing | JMeter | Agile | ITIL | ITSM | CSM

vigneshmayya@gmail.com | 7907607703 | Bengaluru, India | LinkedIn

SUMMARY

Results-driven Senior Associate – Quality Analyst with 3 years of experience in Manual, Automation, API, and Performance Testing within Agile environments. Strong expertise in STLC, SDLC, Defect Lifecycle Management, SQL Data Validation, REST API Testing (Postman), and Performance Testing (JMeter). Experienced in ITSM and CSM domains with hands-on exposure to ITIL-based service management modules. Proven track record of delivering high-quality releases with minimal production defects and improved system stability.

TECHNICAL SKILLS

Testing: Manual Testing, Automation Testing, Functional, Regression, Integration, System, Smoke, Sanity, UAT and End-to-End Testing

Automation: Java, Selenium WebDriver, Testsigma

API Testing: Postman, RESTful APIs, Request/Response Validation

Performance Testing: Apache JMeter, Load Testing

Database: SQL, Joins, Sub-queries, Data Validation

Tools: JIRA, Eclipse, Testsigma

Methodologies: Agile, Scrum, SDLC, STLC, Defect Life Cycle

WORK EXPERIENCE

Wolken Software Pvt. Ltd | Senior Associate QA | June 2023 – Present | Bengaluru, India

- Analyzed business requirements (BRD/FRD) and designed comprehensive test scenarios, test cases, and test data ensuring maximum coverage.
- Performed Functional, Regression, Integration, System, Smoke, and Sanity Testing across ITSM and CSM modules within Agile sprints.
- Managed complete Defect Life Cycle using JIRA — logging, tracking, retesting, and closure in collaboration with development teams.

- Conducted REST API testing using Postman, validating endpoints, payloads, response schemas, and status codes.
- Executed Performance and Load Testing using JMeter, identifying performance bottlenecks and analyzing response times.
- Performed SQL queries and backend data validation to ensure consistency between UI and database layers and validated approximately 10K+ records using SQL queries.
- Actively participated in Sprint Planning, Daily Stand-ups, Sprint Reviews, and Retrospectives.
- Supported production deployments and executed post-release smoke testing ensuring release stability.
- Delivered QA support for multiple enterprise clients contributing to SLA compliance and customer satisfaction.
- Maintained detailed test documentation, execution reports, and defect metrics for stakeholders.

PROJECT OVERVIEW

- Worked on ITIL-based ITSM and CSM solutions for enterprise clients including Broadcom, Skyworks, CSG, Autodesk, HPE, TD Synnex, Arrow, and Dell.
- Performed end-to-end validation of Incident, Service Request, Change, and Problem Management modules.
- Validated SLA configurations, workflow rules, approval matrices, and business process customizations.
- Supported client implementations, upgrade cycles, and release management activities.
- Coordinated User Acceptance Testing (UAT) and ensured production readiness.
- Contributed to test planning, release validation, risk analysis, and QA process optimization.

EDUCATION

Bachelor of Engineering (Mechanical Engineering)

Visvesvaraya Technological University | 2015 – 2019

ACHIEVEMENTS

• Wolken Star Performer of the Year – 2024

• Successfully handled multiple critical production releases ensuring zero high-severity defects post deployment.
