Shagun Sharma **Automation Test Engineer**

Email ID: sharmashagun9983@gmail.com
Contact: 9315443958

Summary

- Result oriented professional with **3+ Years** of experience in Automation & Manual testing. Worked as a team player in Offshore delivery team as per the project demands in order to make projects successful.
- Strong exposure in testing **Web applications & Mobile applications**.
- Knows some of the programming languages like **Typescript/JavaScript.**
- Hands-on experience in some of the automation technologies like **Playwright, WebDriverIO, BDD-Cucumber, Mocha and Chai.**
- Performed both Manual and Automation Testing on API's using Postman API and Axios Library.
- Worked on IDE like **Eclipse & VS code**
- Good functional exposure in **Banking, Automobile, Ed-Tech &Medical** domains.

Professional Experience

Reputation, Hyderabad (May, 2025 – October. 2025)

QA Engineer

- Contributed to the **Customer Experience and Reputation Management (CXM/ORM)** domain, ensuring high-quality software delivery and system reliability
- Automated **repetitive and critical test scenarios** using **WebDriverIO with TypeScript**, integrated with the **BDD Cucumber framework** for structured test execution.
- Worked within an **Agile environment**, collaborating closely with cross-functional teams to ensure smooth sprint progress and timely deliverables.
- Performed comprehensive **regression and functional testing** to maintain application stability and validate post-release quality.
- Conducted **manual API testing** using **Postman**, verifying request-response flows, validations, and error handling.
- Actively participated in **daily stand-ups, sprint planning, and retrospectives**, providing valuable input on test coverage, defects, and process improvements.

Cento Code Technologies, Gurugram (September, 2024 – April,2025)

QA Engineer

- Created and executed test cases for web applications in the education domain.

- Logged and tracked bugs in **Azure**, ensuring timely resolution with developers.
- Actively participated in Agile ceremonies, including daily scrums and sprint planning.
- Provided regular testing updates via Skype for project transparency.
- Automated repetitive test cases using **WebDriverIO** with **JavaScript**, improving test efficiency and coverage.
- Utilized Mocha and Chai for assertions and test reporting, ensuring reliable and structured test execution.
- Conducted API testing using **Postman** and the **Axios** library for **Rest APIs.**

Innovantes IT Solutions LLP, Mohali (August, 2023 – April, 2024)

Software Test Engineer

- Contributed to Medical & Automobile Projects, ensuring timely delivery of high- quality software.
- Collaborated with cross-functional teams, developed test plans,and executed manual/automated tests.
- Automated repetitive test cases using **Playwright with Typescript**
- Worked in Agile Methodology.
- Conducted regression and functional testing for post-release application stability.
- Participated in daily stand-ups,sprint planning, and retrospectives, providing quality-related input and performed manual API testing using Postman.

Automation Test Engineer-Banking Project (January, 2022 – May, 2023)

- **Reviewed and analyzed business requirements** to ensure comprehensive test coverage.
- **Implemented BDD with Cucumber in Selenium using Java** to enhance automation frameworks.
- Utilized **TestNGannotations** to validate test cases and ensure accurate test execution.
- **Identified web elements** on web pages using customized **XPath, CSS Selectors, and ID** for precise automation.
- **Applied coding standards** to maintain clean and efficient automation scripts.
- **Optimized and maintained existing automation scripts** for improved performance and reliability

Technical Skills

Technology	TestingServices
Languages	Java & JavaScript
DomainKnowledge	Banking, Medical, Edtech, CXM & Automobile,
IDEs	VS Code
Automation Testing Tools	Playwright, WebDriverIO, Javascript/Typescript, Postman API, BDD Cucumber, Mocha & Chai

Education

- MCA (IT) from Abdul Kalam Technical University (2023)
- BCA (IT) from Chaudhary Charan Singh University (2021)
