MANAV AHUJA

Senior QA Automation Engineer
Delhi NCR, India | manavahuja274@gmail.com | +91 6239459536 | LinkedIn | GitHub

Professional Summary

QA Automation Engineer with **3+ years of experience** in designing and implementing **scalable test automation frameworks** for web and API testing platforms. Skilled in **Selenium WebDriver, Playwright, JMeter, and Postman**, with a track record of reducing **manual testing efforts by 40%** through automation. Experienced in **performance testing, API automation, CI/CD pipelines, and Agile workflows**.

Professional Experience

Senior Quality Analyst | Inncircles Mar 2025 - Present

- Developed and executed **200+ manual test cases** for web and mobile apps, ensuring 100% coverage of login, dashboard, payments, reporting, and other core features.
- Performed **cross-browser and cross-platform testing** (Chrome, Firefox, Edge, Android, iOS), reducing production UI bugs by **~15%**.
- Conducted **end-to-end regression testing**, resulting in a **~10% decrease in high-priority defects per sprint**.
- Supported **User Acceptance Testing (UAT)** by reproducing client-reported issues and achieving sign-off for **2 major product releases**.
- Validated **MongoDB Atlas migration** by testing data integrity and failover mechanisms for a seamless transition with **0% data loss and zero production downtime**.
- Tested **Expo SDK upgrades** across iOS and Android builds, verifying new features and executing regression tests on critical user journeys, achieving a **100% pass** rate for key workflows.
- Designed and ran tests for **CRON-scheduled processes**, confirming on-time report generation and error handling, and resolving **100% of timing or scheduling inconsistencies.**

Functional & Regression Testing, Bug Tracking, Mobile App Testing, Test Case Development, Agile, Jira, Postman, MongoDB.

Senior QA Engineer | SpectraForce Technologies Apr 2024 – Mar 2025

- Built an **automated test framework** using **Playwright.js**, reducing regression testing time by **60%**.
- Created **200+ automation scripts**, increasing test coverage by **40%** and reducing manual testing by **25%.**
- Conducted **performance testing** with **JMeter**, optimizing system response time for **5000+** concurrent users.
- Developed **API automation frameworks** using **Postman & REST Assured**, lowering failure rates by **25%.**
- Identified and resolved **500+ defects** via **JIRA**, cutting bug resolution time by **30%.**
- Introduced **test automation adoption** across teams, improving sprint delivery efficiency by **15%.**
- Integrated **test automation** with **CI/CD pipelines (Jenkins, Git)**, enabling automated nightly builds and testing**.**

Selenium WebDriver, Playwright.js, JMeter, Postman, REST API, Agile, Jira, Test Case Development, Bug Tracking, Functional & Regression Testing.

Software Engineer | SpectraForce Technologies Jul 2022 – Apr 2024

- Executed **functional** testing, maintaining a **98**% defect-free rate.
- Designed and executed **1000+** test cases, ensuring **100%** test coverage for **critical** application modules.
- Automated API testing using **Postman**, resolving **100**+ integration issues and improving API stability.
- Implemented and prepared test data for **500**+ test scenarios, enhancing **accuracy** by **30**%.
- Partnered with developers to identify defects, cutting error time by **20%** and reducing rework.

Manual Testing, Postman, REST API, Functional & Regression Testing, Test Case Development.

Technical Skills

- ***Software Testing & QA*****:** *Manual Testing, Test Case Design, Mobile Testing, SDLC, STLC, Test Planning.*
- ***Hardware Skills:*** *PC Assembly, Setup & Configuration, Driver Installation.*
- ***Test Automation:*** *Playwright.js, Selenium WebDriver, Appium, Shell Scripting, and Robot Framework.*
- ***Performance Testing:*** *JMeter (Intermediate Understanding), Load Testing.*
- ***API Testing:*** *Postman, REST Assured, and API Automation.*
- ***Bug Tracking & Test Management***: *Jira, Agile Test.*
- ***Platform Testing:*** *Android, iOS, Windows, macOS.*
- ***Programming Languages & Scripting:*** *Java, Python, and JavaScript, Bash.*
- ***Agile and DevOps****: Agile (Scrum/ Kanban), CI/CD pipelines (Git, Jenkins).*
- ***Documentation & Reporting***: *Test Reports, Test Strategy, Confluence.*
- ***Development Tools & IDEs*****:** *PyCharm, VS Code, Git Bash, Workbench, Mongo Compass.*

Education

Bachelor of Engineering in Computer Science

Chitkara University, Himachal Pradesh, India *CGPA: 9.11* | **Aug 2018– Aug 2022**
