PERSONAL SUMMARY

Detail-oriented **QA Engineer & Aspiring Data Analyst** with 3.5+ years of experience in software testing, business analysis, and product implementation. Strong background in validating data accuracy, API testing, SQL queries, and process automation. IBM-certified in Data Analytics with hands-on knowledge of Excel, SQL, and data handling. Proven ability to bridge the gap between business, testing, and data to deliver reliable, insight-driven solutions.

CORE SKILLS

QA & Testing: Manual Testing, Test Case Design, Regression Testing, UAT, Bug Tracking, SDLC, STLC, Agile/Scrum

Tools & Platforms: JIRA, Confluence, Postman, Microsoft Visio, Tally, Stripe, Razorpay, API Testing

Data & Analytics: Python (Pandas, NumPy basics), SQL (IBM DB2), Excel (VLOOKUP, Pivot Tables), Data Validation, Reporting, Data Cleaning, JSON Analysis, IBM Data Analyst Certified

Business & Functional: Requirements Gathering, Functional Documentation, Client Communication, Process Improvement, Stakeholder Management

WORK EXPERIENCE

Technical Business Analyst / Instabill Pvt Ltd 07/2022 – 11/2025

- Performed **manual testing** on accounting and invoicing modules to ensure functionality, accuracy, and performance.
- Designed and executed **test cases**, validated outputs, and tracked defects using structured documentation.
- Validated **GST JSON data**, identified errors, and ensured compliance with government standards.
- Used **SQL and Excel** to verify data consistency, reports, and transactional accuracy.
- Tested and validated **API integrations** (Stripe, Razorpay, Instabill Gateway) using Postman.
- Worked closely with developers and clients during **UAT** to ensure smooth delivery.
- Contributed to the automation of accounting workflows, improving overall operational efficiency.

EDUCATION

Bachelor of Commerce 2017-2020
Delhi University

ACHIEVEMENTS

Improved product reliability by identifying critical defects during testing cycles.

Ensured 100% compliance in GST JSON uploads through deep error analysis.

Successfully supported implementation and integration of Instabill Pro with Tally.

Strengthened client satisfaction through clear communication and issue resolution.

CERTIFICATIONS & LICENSES

IBM Data Analyst Professional Certificate

Software Quality Assurance and Testing Specialization

CAREER TARGET

Seeking opportunities in **QA Engineer, Data Analyst, or QA + Data Hybrid roles** where I can leverage testing expertise along with analytical skills to deliver high-quality, data-driven solutions.
