VINOD ANKUSH MIND

SOFTWARE TEST ENGINEER

EMAIL jokyvinu@gmail.com
MOBILE +91 8600832843

Dynamic detail-oriented professional targeting assignments in **Software Testing** with an organization of high repute to drive mutual growth.

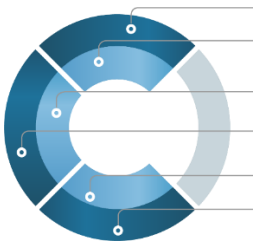
PROFILE SUMMARY

- A highly skilled **Software Testing Engineer** with over **3.8** years of experience, specializing in **Manual, API Testing** across domains such as **Banking**, **database**, and **Payments**.
- Expertise in leading team and managing projects within **Agile**, **Scrum**, and **Waterfall** methodologies.
- Experience in analyzing User stories documents, designing test cases, Executing test case, defect logging and Reporting.
- Extensive hands-on experience in **web application testing**, **Mobile application testing** covering a wide range of testing phases including **Functional Testing**, **Regression Testing**, **Sanity Testing**, and **Database Testing**.
- Proficient at **Manual Testing** and **API Testing** with tools like **Postman**.
- Experience in all aspects of software life cycle and Excellent understanding of Defect Life Cycle.
- Good understanding on the Validation of Functional Testing, Mobile based testing, Regression Testing, Sanity Testing, Smoke Testing, Retesting, GUI, Back-end, Compatibility and API/Web Services Testing.
- Experience in the entire Software Development Lifecycle (SDLC) from requirements gathering to releasing to production.
- Strong knowledge over whole Software Test Life Cycle (STLC)
- Good knowledge of Data driven testing, Cross browser testing and parallel Test execution using selenium Web driver, TestNG
- Showcased strong leadership in guiding junior team members, resolving technical issues, and managing teams across **Manual** and **Automation Testing**.
- Skilled in **people management**, with a track record of mentoring junior team members and driving high-quality project deliverables.

TECHNICAL SKILLS

- **Automation Testing**: Selenium, Postman
- **Programming**: Java
- **API Testing**: Postman, SoapUI
- **Version Control**: Git, GitLab
- **Database**: SQL, PostgreSQL, SQL Queries
- **Frameworks**: Data Driven, TestNG, Hybrid, Cucumber
- **Bug Tracking**: Jira
- **IDE**: Eclipse
- **Operating Systems**: Windows, MacOS, Linux
- **Other Tools**: JMeter, Jira

SOFT SKILLS



- Problem – solving
- Analytical Thinking
- Leadership
- Team Management
- Communication
- Creative Thinking

CORE COMPETENCIES

- Manual and Automation Testing
- API Testing
- Mobile App Testing
- Functional & Regression Testing
- Sanity Testing & Smoke Testing
- Database Testing
- Test Case Design, Execution & Test Management
- Agile & Scrum Methodologies

EDUCATION

Diploma in IT Govt. Polytechnic Kolhapur 2011

Bachelor of Engineering, Pune University, 2017

CERTIFICATIONS

ISTQB Foundation Level Certificate – 2023

AWARDS

Spot Award Jan-2024
Performer of the Quarter Aug-2024
Super Achiever Award April -2025

WORK EXPERIENCE

Associate Engineer – I | Bajaj Markets (Lending, database, Payments, Ambit, UGRO, Quick Heal, Daag, Bajaj AMC) | Jun 2022 – Jan 2026 till

Key Result Areas:

- Leading **Manual Testing** for **Lending** and **data** ensuring test coverage & continuous improvement of Test Case Execution.
- Engaged in designing, implementing, maintaining **test cases and automation frameworks** using **Selenium with Java**, ensuring reliable test execution.
- Administering **regression and sanity test execution** on a daily basis, ensuring the stability of software releases.
- Leading a both **manual and automation testing teams**, providing guidance on test case design, test execution, and defect management.
- Performing **API Testing** using tools such as **Postman**, **SoapUI** ensuring the robustness and reliability of APIs across products.
- Ensuring **quality of software** throughout the development cycle by identifying issues early & working closely with developers to resolve defects.
- Performed Exploratory Testing to understand the application.
- Performed **Functional, sanity, smoke, integration** testing.
- Involved in in identifying test scenarios and writing test cases.
- Aware of working with **Agile Scrum Methodology**.
- Experience in Test module wise effort estimation and test planning based on efforts.
- Collaborating with stakeholders to understand requirements, perform **risk assessments**, ensure proper test coverage for new features.

Achievements:

- Successfully improved the test execution time by streamlining test case execution and scripts and optimizing the automation framework.
- Played a key role in increasing the **test coverage** for the Lending resulted in better product quality.
- Engaged in designing, implementing, maintaining **test cases and automation frameworks** using **Selenium with Java**, ensuring reliable test execution.
- Administering **regression and sanity test execution** on a daily basis, ensuring the stability of software releases
- Guided the team in reducing the **defect leakage rate** through proactive test design and early defect detection.

PROJECTS

BFDL Lending, Ambit, UGRO Capital, Quick Heal, Bajaj AMC Visitor Portal | ***Role****: Tester* | ***Technologies:*** *Selenium with Java, GitLab, JIRA, Postman, SoapUI*

Project Overview:

This project involved automation testing for **Secured Loan** and **Unsecured Loan** products. The focus was on ensuring the accuracy and functionality of the product journey while maintaining high-quality standards for each product feature.

Responsibilities:

- Documented the test execution results and sharing it to the Scrum team.
- Performed **manual and automation testing** to ensure the accuracy of business processes and integrated systems.
- Involved in creating test execution reports.
- Managed **regression testing** of all loan-related modules, ensured stable and consistent application behavior.
- Conducted **API testing** using **Postman** and **SoapUI**, validated the loan application and approval processes.
- Regularly updated **automation scripts** to accommodate new features and enhancements.
- Aware of daily Scrum, Scrum sprint Planning and retrospective meetings.
