PAVITHRA S INDARAGI

PROFESSIONAL SUMMARY

QA Engineer with 6+ years of experience in manual, API, and automation testing across microservices and web-based systems.Strong expertise in test planning, API integration, functional and comparison testing, with hands-on experience in REST API automation using Rest Assured, TestNG, Java, SoapUI, JIRA and Postman.Proven ability to ensure application performance, reliability, and quality through performance testing using JMeter and effective collaboration in Agile environments.

WORK HISTORY

Software Engineer, **08/2019 to present**

Torry Harris Integration Solutions

➢ **ESB Migration project**

- Executed comprehensive REST API testing using Postman, identifying critical defects early and reducing production issues.
- Performed ESB vs. microservices comparison testing.
- Conducted performance and load testing using JMeter to validate TPS, response time, and system stability under peak load. Identifying bottlenecks prior to production release.
- Tools: SoapUI, Postman, Jmeter, AWS CloudWatch, Dynatrace,JIRA

➢ **Milvik –BIMA connect**

- Led end-to-end REST API testing ensuring reliability, quality & seamless integration.
- Improved API traffic tracing, monitoring & root cause analysis in production and pre-production.
- Performed QC & Early Integration Testing(EIT) to reduce defect leakage.
- Tools: Postman, JIRA, Git Hub, Wiremock.

➢ **RTA-TARS (Automation)**

- Replaced manual regression testing with automated JAR-based regression pack.
- Integrated automated regression tests into CI/CD pipeline (Pre-Deployment→ Deployment → Post-Deployment → FT, NFT).

➢ **Virgin Media O2**

- Performed API integration testing for services from AG,APIC and APIGEE to MSA, validating functionality, data consistency, and inter-service communication
- Performed stub testing using wire mock and NGNIX to simulate microservices.
- Validated application performance under peak load using Jmeter,ensuring stable throughput and minimizing performance-related risks before deployment.

EDUCATION

B.E, **Information Science**, **2019,**

New Horizon College Of Engineering - Bangalore, India

CONTACT

Address: Bengaluru

SKILLS

- RestAssured
- TestNG
- Java
- STLC
- Rancher
- Eclipse/SpringBoot
- GitHub
- DB testing
- Agile Methodology
- Functional Testing
- Apigee API Management
- API Testing
- Performance Testing
- JIRA
- Postman
- SOAP UI
- Dynatrace
- JMeter
- Comparison Testi
