EDUCATION

Bachelor of Technology – CGPA: 8.4
June 2019 – May 2023
AP IIIT RGUKT RK Valley

Pre-University Course (MPC) – CGPA: 7.2
July 2017 – May 2019
AP IIIT RGUKT RK Valley

Secondary School Education – CGPA: 9.7
June 2016 – March 2017
ZPHS-ThavanamPalli, Chittoor

SKILLS

Programming Languages & Frameworks: Java, JavaScript.

Web Development: Spring Boot, Hibernate, React JS, Node JS, Next JS, HTML, Tailwind CSS, Bootstrap.

Tools & Technologies: Postman API, Spring Tool Suite, Visual Studio Code.

Database Management: MySQL, MongoDB.

Version Control & Collaboration: Git, Git Hub.

Other Skills: Communication, Time Management, Problem-Solving, Agile Methodology, UI/UX Design.

INTERNSHIPS

Frontend Developer Intern

Linkfields Innovation, Hyderabad- *April 2025– June 2025*

- Developed production-grade UI components using modern front-end frameworks, improving responsive design and cross-browser compatibility in collaborative team environments
- Implemented dynamic routing, state management, and conditional rendering in dashboards, forms, and modals—ensuring modular architecture and performance

optimization.

- Collaborated with designers and developers in an Agile workflow to deliver clean, accessible, component-based interfaces, aligning with best practices and UI/UX standard.

IT Developer Intern

To-Let-Globe, India – January 2024 – April 2024

- Designed and implemented responsive user interfaces, enhancing UX across multiple devices.
- Played a key role in identifying and resolving critical bugs, significantly improving website performance.
- Actively collaborated with cross-functional teams, including designers and backend developers.

Front End Developer Intern

Skolar – January 2023 – March 2023

- Planned web applications using HTML, CSS, JavaScript, user interface elements such as buttons, forms, menu bar and navigation bars.
- Engineered and implemented frontend features to improve skills.

PROJECTS

Online Bookstore E-commerce Website

Technologies Used: Java, Spring Boot, Hibernate, MySQL, HTML, CSS, Bootstrap, JavaScript, Postman API

- Designed and developed an online bookstore e-commerce platform using Java, Spring Boot, and MySQL.
- Developed and tested RESTful APIs for user authentication, product management, and order processing.
- Integrated front-end components 70% using HTML, CSS, Bootstrap, and JavaScript for a responsive user interface.
- Ensured robust and reliable APIs by employing Postman for API testing and validation.

Employee Management System

Technologies Used: Java, Spring Boot, Hibernate, MySQL, HTML, CSS, Bootstrap, JavaScript, Spring Security

- Innovated and devised a comprehensive Java-based application to manage employee records, attendance, and payroll, enhancing administrative efficiency.
- Built a role-based access control system, ensuring secure user authentication and authorization for different user roles, including admin, manager, and employee.
- Integrated interactive elements such as animated graphics and real-time user engagement features to enhance site interactivity.

Sample Education Website

Technologies Used: Java, Spring Boot, Hibernate, MySQL, HTML, CSS, Bootstrap, JavaScript, Spring Security

- Created a food delivery platform with full CRUD operations for product listing and order management.
- Implemented secure user authentication and authorization using Spring Security.
- Created a sophisticated educational website with an intuitive user interface, interactive learning modules, and multimedia integration.
- Designed a mobile-responsive UI with Bootstrap, ensuring compatibility across various devices.

CERTIFICATION

- Full Stack Web Development Certification – VSS Technologies, Bangalore.
