Velachery, Chennai - 600042

SUMMARY

Passionate and detail-oriented front-end developer with a strong expertise in HTML, CSS, JavaScript, and React.js. Experienced in building responsive and user-friendly web applications that deliver exceptional user experiences. Proficient in translating design mockups into high-quality code, compatibility, and optimizing performance for enhanced load times and responsiveness.

KEY SKILLS

HTML5 & CSS3
JavaScript (ES6+)
React.js
CSS libraries : Bootstrap, MUI, AG grid, Joy UI
Responsive Design
Version Control : GIT, GitHub
Performance Optimization
Agile Methodologies
RESTful APIs handling (CRUD)

PROFESSIONAL EXPERIENCE

CRM Project for LOGIN 360 (Login to technoedge) **JUNE 2024 - Present**

Role: Front-end Intern (Development & technical team)

Project Overview: Developed a comprehensive Customer Relationship Management (CRM) application for Login360, designed to enhance user engagement and streamline client interactions. Leveraging modern technologies and libraries, I contributed to creating a dynamic and intuitive interface that meets the needs of the organization.

Technologies Used:

- **React.js:** Utilized React.js to build a responsive, component-based architecture, ensuring a smooth user experience and easy maintainability.
- **Material-UI (MUI)**: Implemented Material-UI components to create a visually appealing and consistent user interface, enhancing usability and accessibility across the application.
- **AG Grid:** Integrated AG Grid for advanced data handling and visualization in tables, enabling features such as sorting, filtering, and pagination to manage large datasets efficiently.

Key Responsibilities:

1. **Collaboration:** Worked with designers and back-end developers to create user-friendly interfaces and reusable React components.
2. **State Management:** Used React hooks for state management, conducted testing, and optimized performance with lazy loading and code splitting.
3. **Team Participation:** Engaged in code reviews and team meetings to discuss progress and plan features.

EDUCATION & CERTIFICATIONS

Diploma in Mech
Annamalai Polytechnic College - Chettinad
2011 - 2014

Certification
Login 360 presumed Full-stack Development

PROJECTS

Customer Relationship Management - Login 360
Tech used : ReactJS, MUI, AG grid, Redux, axios, JWT

Team Project - APP Chat Bot using ReactJS
Pre-Trained chat application customized UI

Gaming Website using HTMI & CSS
