Objective

Energetic community outreach manager experienced in creating and completing outreach programs in urban communities.

Education

- **Velammal vidyasharam (CBSE)** 2019
  HSC
  60%
- **Sethu bhaskara matriculation hr sec school** 2021
  SSLC
  75%
- **Vel Tech Multi Tech Dr.Rangarajan Dr.Sakunthala Engineering College** 2025
  B.tech - Computer science and Business system
  7.00 cgpa

Experience

- **Zrae global (Intern)** 20/04/2022 - 28/08/2022
  Web development
  Done Internship in domain of web development with the duration of 4 months
- **Aadhtiya information technology (Intern)** 15/05/2023 - 21/08/2023
  HR Recruiter

Skills

- Recruitment and talent acquisition, Candidate sourcing (LinkedIn,Naukri,Indeed), Applicant tracking system (ATS), Resume screening and shortlisting Interview Scheduling.
- Coordination HRMS tools (Zoho, SAP Successfactor, etc..), Data management (Excel, Google Sheets).

Projects

- **CREDIT CARD FRAUD DETECTION (Using Web development)**
  The goal of this project is to use machine learning techniques to improve the accuracy of detecting credit card fraudulent activities. The model will be trained on a dataset of

credit card transactions and the goal is to improve the measure called Area Under the Precision-Recall Curve (AUPRC).

- **SMART WEATHER FORECASTING (Using Machine learning)**
  Weather Forecasting is crucial since it helps to determine future climate changes. With the use of latitude, we can determine the probability of snow and hail reaching the surface. We are able to identify the thermal energy from the sun that is exposed to a region.
- **VEHICULAR COMMUNICATION PROPAGATION MODEL (MATLAB)**
  A vehicular communication propagation model is a tool used to predict and recreate how signal propagation conditions may perform. It is used to calculate the distance between a transmitter and a receiver.

INTERNSHIP

- I did my **Web Development** internship in my 2nd year, where I learned basic front-end skills like HTML, CSS.
  • Then in my 3rd year, I did an **HR Recruiter** internship, where I Source and Screening Candidates from Portals.

Achievements & Awards

- Attended 1 month workshop in domain of Data science (Python).
- And done intership regarding web development and Recruitment
