CAREER OBJECTIVE

A passionate and quick-learning BCA graduate with a solid academic foundation in web development, data visualization, and AI concepts. Skilled in Python, Java, HTML, SQL, and tools like Tableau and Visual Studio through coursework and personal projects. Eager to start my career in a dynamic environment where I can contribute to meaningful software solutions and grow in the fields of Web Development, Data Science, and AI.

EDUCATIONAL QUALIFICATIONS

- **Bachelor of Computer Applications (BCA)**
  Women's Christian College, Chennai
  CGPA: 7.6
- **Higher Secondary Education (HSC)**
  Revoor Padmanabha Chettys Matriculation Higher Secondary School, Chennai
  Aggregate: 95.3%
- **Secondary School Leaving Certificate (SSLC)**
  Revoor Padmanabha Chettys Matriculation Higher Secondary School, Chennai
  Aggregate: 81.2%

INTERNSHIP EXPERIENCE

- **Data Scientist Intern**
  GradTwin, Chennai
  May 6, 2025 – Present
- Assisting in cleaning, analyzing, and interpreting datasets using Python .
- Collaborating with the data science team to build and evaluate machine learning models.
- Creating data visualizations and dashboards .
- Automating data collection and preprocessing tasks for improved workflow efficiency.
- Gaining real-time exposure to solving business problems through data-driven insights.

- **Transcription Intern**
  M/S Bastian and Company, Remote
  May 15, 2023 – June 16, 2023.
- Transcribed and organized data with high accuracy and attention to detail.
- Maintained consistency and met deadlines while handling bulk audio/text data.
- Ensured data formatting and documentation aligned with company standards.

SOFTWARE PROFICIENCY

- **Programming Languages:** Python, Java, HTML, SQL
- **Tools and platforms:** MS Excel, PowerPoint, Word, Tableau, Visual Studio.

CERTIFICATIONS

- **Data Science (8 Weeks)**
  Platform: Internshala
  Skills Gained: Data analysis, visualization, and foundational machine learning concepts.

- **Spanish Language Certification**
  Levels: A1.1 (40 hours), A1.2 (40 hours)

PROJECTS

- **Child Marriage Awareness Website**
  Tools: HTML, JSP
  Description: Designed an interactive website to spread awareness about child marriage, integrating multimedia and user-friendly navigation.

- **Data Dashboard**
  Tools: Tableau
  Description: Built a dynamic Tableau dashboard to visualize and analyze complex datasets, delivering actionable insights.

- **Event Registration System (EventHub) — Personal Project**

  Technologies Used: C#, Visual Studio, .NET, SQL Server, JavaScript, HTML/CSS
  - Developed an event registration system for students and admins, enabling students to register for college events while allowing admins to manage event details and student registrations.
  - Designed and structured the project using Visual Studio, creating models for Users, Events, and Registrations to manage data flow.
  - Utilized Entity Framework for ORM-based data interaction and SQL Server for efficient data storage and retrieval.
  - Built the application using ASP.NET MVC for a dynamic web interface and developed a responsive, user-friendly front end with HTML, CSS, and JavaScript.
  - Implemented authentication and authorization features to enable secure login and role-based access.
  - Gained hands-on experience in full-stack development, debugging, and building scalable solutions with a focus on data security.

INDUSTRIAL EXPOSURE

1.Visited THE UNIVERSITY OF MYSORE and learned about ARTIFICIAL INTELLIGENCE, HR MANAGEMENT

SOFT SKILLS

- Communication
- Problem-solving
- Adaptability
- Teamwork
- Time Management

VOLUNTEERING EXPERIENCE

- **Sets and Props Committee Member**
  Women's Christian College Play '24
  Responsibilities: Collaborated with the team to design and manage stage props, ensuring seamless event execution.
- **NSS Volunteer**
  Achievements: Contributed to community service initiatives and received a certificate of appreciation.
