PROFESSIONAL SUMMARY

With 3.5+ years of focused experience in **IT recruitment**, I am a skilled **Talent Acquisition Specialist** adept at managing full-cycle technical hiring. I specialize in **sourcing, screening, and onboarding IT professionals** across diverse technologies and domains. My expertise includes **coordinating technical interviews**, managing candidate pipelines, and ensuring a seamless hiring experience. I leverage modern recruitment tools, job boards, and networking platforms to identify top technical talent. Committed to optimizing IT hiring processes, I partner closely with hiring managers to deliver efficient and high-quality recruitment outcomes that align with organizational goals.

TECHNICAL SKILLS

- **Applicant Tracking Systems (ATS)**: Experience with tools like Ceipal, Hirewing.
- **Sourcing Tools:** Naukri, Monster, LinkedIn Recruiter Lite, indeed.
- **Job Posting & Advertising:** Creating and managing listings across job boards and social media.
- **Email & Communication Tools:** Outlook, Gmail, Zoom, Microsoft Teams
- **MS Office Suite:** Proficient in Excel (filters, pivot tables), Word, PowerPoint
- **Recruitment Analytics:** Basic reporting and dashboard preparation in Excel, Power BI.
- **Other Tools & Techniques:** Database Management, Recruitment Trackers, Boolean Search.

EXPERIENCE

TechDoQuest (VantageRMS) – Domestic IT Recruiter **03/2024 – current**

- Partnered with multiple clients across IT services, product, and consulting domains to gather detailed job requirements and understand business priorities for **permanent and C2H (Contract-to-Hire)** positions.
- Post job openings on LinkedIn, Naukri, and internal platforms to attract qualified technology professionals across various skill sets and experience levels.
- Utilize advanced sourcing techniques through **LinkedIn Recruiter, Naukri, job portals, referrals, and social media** to identify and engage top IT talent.
- Conduct thorough screening and evaluation of candidates on technical skills, communication, and cultural fit before client submission.
- Handle salary negotiation and offer management, ensuring alignment between client expectations and candidate requirements.
- Maintain and update recruitment trackers, dashboards, and candidate pipelines in ATS systems and Google Sheets, ensuring data accuracy and timely reporting.
- Coordinate and schedule virtual and on-site interviews with candidates and client stakeholders, ensuring smooth communication and timely feedback.
- Drive strong candidate engagement throughout the hiring lifecycle to improve offer acceptance and joining ratios.
- support stakeholder management by providing regular updates to delivery managers and clients on candidate progress, interview feedback, and hiring status.
- Support clients in onboarding and post-offer follow-ups, to ensure successful candidate joining.
