SAI TEJA GUNDUKA

saiteja.gunduka456@gmail.com | +91 9618916863

Skill Summary

- Programming Languages: **Python, Java, C Language, SQL**
- Web Development: **HTML, CSS, JavaScript (React)**
- Databases: **MySQL**
- Tools & control: **Git, GitHub, VS Code, Linux**

Internships

Java Development Intern | OCTANET Services Pvt. Ltd Aug2024-Sep2024

Roles & Responsibilities-

- **Developed Java-based applications** during the internship, demonstrating strong problem-solving skills and technical expertise.
- **Engaged in various projects and tasks** with exceptional dedication and enthusiasm, contributing to successful project outcomes.
- **Enhanced project efficiency** by applying core Java development practices, improving code quality and reducing debugging time
- **Demonstrated professionalism and teamwork** by collaborating effectively with team members and contributing to a positive work environment.

Professional Projects

- **Detection and Attribution of Cyber Attacks in IOT-enabled system**
  - **Proposed a two-level ensemble framework** for detecting and attributing cyberattacks in IoT-enabled cyber-physical systems.
  - **Integrated decision trees and deep learning models** for improved detection in gas pipeline and water treatment scenarios.
  - **Enhanced detection accuracy** by optimizing model parameters and reducing false positives through adaptive learning techniques.
- **RFID-Based Attendance System Using NodeMCU:**
  - **Developed an IoT-based RFID attendance system** using NodeMCU (ESP8266) for real-time student tracking.
  - **Integrated a cloud database** and **RTC module** for remote monitoring and automated data storage.
  - **Implemented RFID authentication and LCD feedback** to enhance security and accuracy.

Certificates

- **Java:** Certified by MindLuster.
- **HTML:** Certified by MindLuster.
- **JavaScript:** Certified by Scaler Topic.

Education Qualification

2021 - 2025	Bachelor's of Engineering – Computer Science and Engineering	CGPI 7.0
2019 - 2021	Intermediate Education –MPC	CGPI 7.6
