Professional Summary

Aspiring software Engineer with strong foundations in java, python, SQL, and AWS. Passionate about building Scalable backend systems, intelligent tools using AI/ML and deploying cloud-based solutions. Quick learner With excellent problem-solving skills and a solid understanding of data structures, algorithms, and system Desgin. Actively improving technical skills through coding platforms and hands-on projects.

Education

Bachelor of Engineering in Computer Science Engineering

Rajalakshmi Institute of Technology, Chennai CGPA: 7.5

Year of Passing: 2025

HSC – Class XII SSKV Boys Matric Hr Sec School, Tamil Nadu State Board
Year of Passing: 2021
SSLC – Class X SSKV Boys Matric Hr Sec School, Tamil Nadu State Board
Year of Passing: 2019

Skills

- Python
- SQL
- Java
- AWS
- Excel
- PowerBI

Technical Skills

- Programming Languages: Java, python, SQL
- Web & Backend: REST APIs, MongoDB, MySQL
- Cloud Platforms: AWS (Certified)
- AI/ML Tools: NumPy, Pandas, Autoencoders, GANs

Certifications

- Python Programming for Data Science
- oops in Java
- AWS cloud foundation
- Mongodb

Project Experience

AI-driven Image Compression Tool *RIT Final Year Project*

- Developed a tool that reduces image file size while maintaining quality.
- Improved efficiency in data storage and bandwidth usage.
- Used autoencoders to reduce image size by encoding high dimensional data into compact representations
- Used GAN to enhance image reconstruction quality post compression method

Achievements

- Successfully completed final year project with positive feedback
