Tezra India,Chennai **Mar 2021 - Aug 2024**

IT Recruiter

- Collaborating closely with project managers and client representatives to understand the specific IT and NON IT Requirements for consulting engagements. This includes grasping the technical skills, domain expertise, and project scope.
- Utilizing various sourcing methods such as job boards, professional networks, referrals, and direct outreach to identify and attract highly skilled IT professionals with the required expertise.
- Conducting thorough technical screenings and assessments to evaluate candidates' proficiency in ➢ relevant programming languages, frameworks, tools, and methodologies. This ensures that candidates meet the technical requirements of client projects.
- Cultivating relationships with candidates throughout the recruitment process, from initial contact to onboarding. Providing guidance, feedback, and support to candidates to ensure a positive experience and long-term engagement.
- Coordinating interviews between candidates and client stakeholders, including scheduling, logistics management, and interview preparation. Ensuring a smooth and efficient interview process for both parties
- Building and maintaining strong relationships with clients to understand their ongoing and future talent needs. Providing regular updates on candidate sourcing progress and presenting suitable candidates for consideration.

- Facilitating offer negotiations between clients and candidates, ensuring alignment with client budgets and expectations. Assisting with the onboarding process to ensure a seamless transition for newly hired consultants

- Working collaboratively with other recruitment team members, consultants, project managers, and client representatives to ensure seamless communication and coordination throughout the recruitment lifecycle
